Re: Request for Clarification (RFC) 2

Thank you for your interest in the Request for Qualifications (RFQ) currently posted for projects within the City of Berwyn. Questions have been presented on the RFQs and the following items should provide additional information on the project scopes:

- Estimated budgets for improvements are:
 - Sidewalk \$150,000
 - Lighting \$200,000
 - Streets \$425,000
 - Sewers \$100,000
 - Watermain \$450,000
- Budgets are subject to change.
- Projects limits are subject to change.
- The City has a luminaire specified for replacements but also allows for the contractor to submit an approved equal for consideration.

Feel free to contact me with questions.

Sincerely,

Robert Schiller, Public Works Director
