**NARRATIVES**

**PRIMARY NARRATIVE**

Michelle Flores, who recently moved to 1924 Wesley, Berwyn IL, is requesting that her handicapped parking signs from her previous place of residence (1243 S. Highland Ave) be placed in front of her new residence (1924 Wesley).

Ms. Flores suffers from \_\_\_\_\_ There is a two car garage on the premises, however, Ms. Flores is not the home owner, and does not have access to any on-premises parking. Numerous multi-unit dwellings on the block, therefore parking can be quite limited. There is a fire hydrant and yellow curb in front of the residence, which does not allow enough leeway for the placement of a handicapped parking space.

For the above stated reasons, this officer feels that this application should be denied at this time.

**Re: Seasonal Planting Installation – Contract Extension**

The feedback regarding 2014's Seasonal Planting Program was tremendously positive largely thanks to the high quality, colorful installation achieved by our contractor, Violet Flower Shop. The owner of Violet Flower Shop has offered to extend their contract with the City for an additional year. It should be noted that this extension marks the second year in a row in which the City will see no increase in the cost of plant installation.

As in past years, the 2015 Seasonal Planting Program will cover Roosevelt Road, Cermak Road, the Depot District and Ogden Avenue. This annual contract is budgeted through the respective TIFs and the General Fund. Staff will return to City Council to seek bids for the plant watering contract at a later date.

**Recommendation:**

Staff recommends extending the Violet Flower Shop contract an additional year at no increase for a cost not to exceed \$36,804.00.

Respectfully,

Evan K. Summers  
Assistant City Administrator

Re: Phased purchase of replacement Taser's

Mayor Lovero & members of the City Council:

The police department is seeking approval to replace old, outdated and no longer supported Taser's. The Taser is a less lethal conductive energy weapon utilized by the police in control of combative subjects. The use of this intermediate weapon system has been proven to be very effective in controlling highly combative and irrational subjects in the safest manner possible. The use of the Taser in law Enforcement has shown to decrease officer and suspect injury by over 60% and reduce the chance of an escalation in use of force incidents through effectively controlling combative subjects.

The police department currently has 57 Taser units that have been in service between 6-8 years and 10 of those are currently unserviceable and no longer supported by the manufacturer. The recommended service life of a Taser is 5 years, we are experiencing more frequent breakdowns with these older units and reliability of these units should not be a question in any officer's mind. In addition there have been technology changes in recent years that the older units do not benefit from.

We are also looking to increase the number of officers who will be carrying these less lethal weapons and purchase the new and additional weapons over 3-4 separate phases. Attached to this communication is a proposal from Taser International, a sole source provider of the Taser for (30) X2 Taser's and related ancillary equipment and cartridges. The total cost of this purchase from Taser International is \$45,613.20 which includes shipping and a free Taser due to the size of the order. Taser International is also offering a 5 year extended warranty program, Taser Assurance Plan (TAP), which will provide new Taser replacements after the 5 year life span is up at a cost of \$6,334.50 per year. These less lethal weapons are a permissible expense under the Asset Forfeiture Program and will be funded with monies from that account. We respectfully request that this "Sole Source Provider" purchase be approved by council.

Re: Flood Mitigation Shared Cost Program Initial Status Report

This communication is a status report on the flood mitigation shared cost program that was adopted by City Council on November 12, 2014. Information on the program was made available to residents via the City's website, emailing [stormwater@ci.berwyn.il.us](mailto:stormwater@ci.berwyn.il.us), faxing storm water at 708-749-6593 or visiting the engineering department.

Since the program's adoption:

- 131 households have submitted their initial application indicating interest in the program.
- 105 households were sent flood mitigation program applications.
- 10 households received final approval to commence with their flood mitigation project and obtain building permits.
  - The majority of these projects consist of backflow prevention valves.
- 2 households have obtained proper building permits.
- 1 household has submitted for project close-out and reimbursement.
- 66 households have downspouts reported to be connected, 132 downspouts observed by staff to be connected to the sewer. As part of this program, nearly all of these downspouts will be disconnected from the sewer system.

The initial application of interest is also referred to as the waiting list application. Residents are able to indicate their interest in the flood mitigation program, downspout disconnection program, rain barrel program or a combination of the three. The homeowner's information is collected and given a reference number. Outstanding debt checks/issues and downspout connection inspections are performed at this time. The homeowner is then notified of any outstanding issues or sent a full application. The average turn-around period for this step is two weeks.

Homeowners that have received the full application packet are instructed to fill out the attached documentation and solicit proposals from plumbers. Applicants are instructed to submit plumbing contractor proposals to the engineering department for review. The turn-around period for this portion of the process has been flexible to accommodate the holiday season and frozen ground. Applicants that have not submitted their proposals by March of 2015 will require staff follow-up for an update.

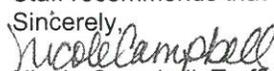

If the proposal meets state and city plumbing standards, final approval is granted. The applicant may obtain building permits and proceed with their project. Applicants that have not obtained their building permits by March of 2015 will require staff follow-up for an update. The period to complete the flood mitigation project currently defaults to the building permit expiration period of six months.

Once the flood mitigation project is complete, final inspection, certification, and proof of payment must be submitted to the engineering department for review. If the submittal is acceptable, reimbursement should be made within a month and is subject to the meeting schedule of the City Council.

The engineering department is more than happy to answer questions by applicants, residents interested in the program and elected officials. Feel free to submit questions to [stormwater@ci.berwyn.il.us](mailto:stormwater@ci.berwyn.il.us) or visit the City's flood information page for more information on the programs offered for flood mitigation at <http://www.berwyn-il.gov/Flood%20Information>.

**SUBJECT: SPECIAL SERVICE AREA A**

---

The City of Berwyn (the “City”) received a letter from the Cook County Clerk’s Office (the “Clerk’s Office”) regarding the status of the City’s Special Service Area A (the “SSA”). The Clerk’s letter indicated that a property tax levy had not been submitted for the SSA since 2009, and that the Clerk’s Office did not have any indication that the SSA had been terminated by the City.

No records of the SSA could be found, so we contacted the Clerk’s Office and notified them that the City had no record of this SSA. The Clerk’s Office provided us with the attached Ordinance establishing City of Berwyn Special Service Area A (Cermak Road Modernization Project) that was passed by the City Council on July 8, 1985. The SSA was established to secure the issuance of long-term bonds to partially finance the \$375,000 local share portion of the Cermak Road Modernization project.

Although a property tax levy is no longer submitted for the SSA, the Clerk’s Office still calculates a tax rate for the district each year. As such, the Clerk’s Office requests that the City pass a formal ordinance terminating the SSA. Attached is a draft Ordinance terminating the SSA for your consideration.

If you have any questions or concerns, please do not hesitate to contact us at (708) 222-7000.

CITY OF BERWYN  
CLERK'S OFFICE

2015 JAN 15 P 3:53

January 15, 2015

City Clerk  
City of Berwyn  
6700 West 26th Street  
Berwyn, IL 60402-0701

Dear Friend:

Once again our wonderful Candy Day volunteers, numbering in the thousands, have begun planning for our annual Misericordia/Jelly Belly Candy Days fundraising event. **The dates for 2015 are Friday and Saturday, April 24 and 25.** We have already received permission from the City of Chicago and we hope to receive written permission from you as well. Each year our volunteers stand in street intersections and in front of heavy pedestrian walkways distributing tags and bags of Jelly Belly Candy while collecting donations.

For some areas, this letter is for information only because they do not grant permits for streets or intersections. For other areas this letter is sufficient for the processing of our permit. All other areas will find the information they require attached to this letter. If you need any additional information or have any questions, please contact Misericordia at the Candy Days Hotline: 773-273-4738 or email [mam1967@comcast.net](mailto:mam1967@comcast.net). Permits can be mailed or faxed to Nancy Turry's attention at Misericordia (see address and fax number above).

If you can help, we assure you that this will make a difference in the lives of the 600 children and adults who call Misericordia "Home". They are persons of all races, religions and creeds with disabilities ranging from mild and moderate to severe and profound. Each of them is a gift to us and we are better people because they have touched our lives. The funds we receive from the State cover only a portion of our program costs. This year we must raise \$14 million to cover the cost of programs that are not reimbursed. Our excellent physical and occupational therapy programs and music would not be realities without private contributions. Our vocational, spiritual and recreational programs are also gifts from our friends.

Private donations have allowed us to expand to serve more persons in need. At the present time we have more than 500 people on our waiting list. We know we can never meet all the demands for service but with the help of our friends, we will continue to face the challenges associated with expansion. We have completed our seventh home in the neighboring community and four additional homes on our campus. We have also started and will expand an outreach program for children with disabilities and their families.

For your belief in Misericordia, for your past assistance and your consideration of this request, we are most grateful. God's blessings on you and yours.

Sincerely,

*Sister Rosemary, R.S.M.*

Dear City Clerk,

The Relay For Life of Berwyn Cicero committee would like to request a few weekends in the months of March, April, and May to hold our yearly 'tag days' fundraiser. During these 'tag days' we stand at various locations in the Berwyn community to collect money for our annual Relay For Life event. This year we would like to have at least three of the dates we have listed: March 21, March 28, April 4, April 11, April 18, April 25 and May 2. These are the same Saturdays that we had asked for last year but we were looking to also add June 16<sup>th</sup> and June 17<sup>th</sup> as we will be having our wrap up event and would like to get everyone together one last time to fundraise.

The American Cancer Society's Relay For Life is a annual fundraiser where teams of 10-15 individuals walk the track for twelve hours while celebrating the lives of those survivors, remembering those who have passed away, and pledge to fight back to take health choices to make them less susceptible to cancer.

Our event will take place on May8-9th, 2015 at Morton West High School located at 2400 S Home Ave in Berwyn. We would like to invite you and all city members out to the event.

If you have any questions or need any additional material please feel free to contact me at the information below.

Thank You For Your Time,
