**Report and Recommendation of the
Berwyn Historic Preservation Commission**

Date: May 6, 2016

Re: Nomination of 2323 Elmwood Avenue, the Salinas bungalow, as a Berwyn Historic
Landmark

To: Mayor Robert J. Lovero and the Members of Berwyn's City Council

From: The Berwyn Historic Preservation Commission

Report:

The Berwyn Historic Preservation Commission held a public hearing on May 4, 2016, which was publicized as required by the Berwyn Historic Preservation Ordinance. Three of the five active members of the Commission were present:

Emilio Padilla, Interim Chair
Michael Pegan, Secretary
Edward Brown

The subject of the hearing was the nomination of the Salinas bungalow, located at 2323 Elmwood Avenue, as a Berwyn Historic Landmark. Following is a report on those proceedings:

The Chair of the Commission, Emilio Padilla, opened the proceedings and reviewed the procedures for conducting the public hearing. The Chair then opened the floor to questions and comments. There were several questions and comments by Commissioners. The Commission then voted to accept the nomination, with all three members present voting to recommend that the Salinas bungalow at 2323 Elmwood Avenue be designated as a Berwyn Historic Landmark.

Based on the evidence presented at the public hearing, the Berwyn Historic Preservation Commission recommends that City Council designate the bungalow at 2323 Elmwood as a Berwyn Historic Landmark. We find that the building satisfies the following Criteria for designation as a Berwyn Historic Landmark according to the Berwyn Historic Preservation Ordinance:

-Significance as an example of the architectural, cultural, economic, historic or social development or heritage of the city, the state or the United States. "Significance" means the relative importance

of the property when viewed in the property's architectural, cultural, economic, historic or social context. (criterion 1)

-Embodiment of those distinguishing characteristics of significant architectural type, or style, or engineering specimen. "Significant" means the relative importance of the architectural type, or style, or engineering specimen. (criterion 5)

-Identification as the work of a builder, designer, architect, craftsperson, engineer or landscape architect who individual work is significant in the development of the city, the state or the United States. "Significant" means the relative importance of the builder, designer, architect, craftsperson, engineer or landscape architect. (criterion 6)

-Representation of an architectural, cultural, economic, historic or social theme, style or period, expressed in distinctive areas, districts, places, buildings or structures that may or may not be contiguous. (criterion 8)

A summary of the evidence presented at the hearing, which provides information about the history and design of the Salinas bungalow, can be found in the nomination form, attached.

Recommendation:

The Commission therefore recommends that the City Council designate 2323 Elmwood as a Berwyn Historic Landmark pursuant the Berwyn Historic Preservation Ordinance. That section holds that within 30 days of receiving this Report and Recommendation,

City Council shall either designate the historic landmark or reject the nomination by a simple majority vote of the full Council. In making this determination, the City Council shall apply the designation standards set forth in Section 1478.04 above and shall give due consideration to the record of the public hearing(s), and findings and recommendations of the Commission set forth in the Commission's resolution and report and may take public testimony with regard to the same. Upon a majority vote of the City Council to approve designation, the City Council shall enact an ordinance designating the historic landmark, which ordinance shall provide that the newly designated historic landmark shall be the subject to the provisions of Chapter 1478 of the City Code.

The Commission is available to answer questions or provide information regarding this Report and Recommendation. Please contact the Commission at berwynpreservation@gmail.com.

Re: Remodeling of the Recreation Department Bathrooms

Due to the need for repairs at the Recreation Department men's and women's bathroom facilities, we applied for a CDBG grant to address broken toilets, ADA door width compliant and ADA toilet stalls and partitions, toilet upgrades, new countertops, sinks, faucets, tile floors and walls, lighting and new paint. The grant is in the amount of \$80,000 and our engineers estimate is \$90,000. Should the lowest best bid (actual cost) exceed the grant, we will utilize monies in the Recreation Department budget.

Staff developed an RFP and ran an ad for competitive bids. Five bid packets were picked up at the Clerk's office, and we expect at least 2, perhaps 3 submittals by Monday, June 27, 2016.

Recommendation: Authorize staff to execute a contract with the lowest responsible bidder in the amount of the bid proposal (to be discussed at the council meeting) plus a contingency of \$5,000 for unforeseen work items.

14 June 2016

I am submitting this communication to publicly recognize the following Berwyn Auxiliary Police Officer at the Berwyn City Council meeting on June 28, 2016: Auxiliary Police Officer Eric Tripoli.

On Saturday, June 4, 2016 at approximately 11:30am, Auxiliary Police Officer Eric Tripoli was working in the area of Windsor and Grove Avenues, when he was contacted by a citizen. The citizen pointed out to Auxiliary Officer Tripoli an elderly gentleman, who appeared to have gotten stuck while crossing the railroad tracks at Grove Avenue. Additionally, the railroad gates were down with the lights flashing bells ringing, indicating that a train was approaching (there was a train in sight).

Auxiliary Officer Tripoli exited his marked police vehicle and ran onto the railroad tracks, lifted the elderly gentleman onto his shoulders and carried the elderly citizen to safety as the train sped past.

Auxiliary Officer Tripoli's heroic actions saved the life of an elderly citizen and are a true dedication to his job and the citizens of our community.

Officers began a short vehicular pursuit which resulted in the offending vehicle to crash into a wall at the gas station located at 47th Street and Harlem Avenue. The offenders exited their vehicle and began fleeing on foot, over a large fence, onto railroad tracks and west bound on the railroad tracks into Ottawa Woods, which officers continuing the pursuit on foot.

As the offenders began running into the woods, they began shedding clothing in an attempt to hide from officers in several thickets. The first offender was apprehended just west of Harlem Avenue in the woods. The other offender managed to flee deeper into the woods. Assisting officers from over 15 different police departments arrived into the area to assist in the manhunt of the other fleeing offender. The Chicago/Cook County Helicopter responded into the area to assist in the search.

The perimeter was established from Harlem Avenue to First Avenue from the railroad tracks to Interstate 55. A short time later the helicopter by use of its thermal imaging equipment identified a suspect who was running through the Canal, west towards First Avenue. It appeared that the offender was attempting to conceal himself within the canal to defeat the police officers efforts to

locate him. Officers operating the helicopter were able to direct officers who were on foot on the ground to the suspect's location at which time a second offender was apprehended.

Both suspected offenders were positively identified as being the offenders from the robbery. Both offenders were transported into the Berwyn Police Station, where they were subsequently criminally charged with Felony Robbery. The driver of the offending vehicle was also charged with Aggravated Fleeing and Eluding.

This was a great job by everybody involved on many different levels:

Tele-communicators managed to juggle the 9-1-1 call reporting the robbery, the GPS Satellite signal depicting the direction of the electronic device, radio traffic on both the Berwyn Police Radio while keeping communication lines open with State wide radios and translating the information and other emergency and non-emergency calls that were being received in communications;

Responding officers preserved the original crime scene at 6905 Ogden Avenue, 47th Street and Harlem at the scene of the crash, established a perimeter, conducted vehicle and foot pursuits, located and recovered discarded property and evidence and apprehended and criminally charged two offenders, all while trying to communicate with assisting agencies with limited communication capabilities.

Great job by everybody!

Re: Informational only: Advertise bid process for Station 3 Kitchen/bathroom Remodeling Project

Honorable Mayor Lovero and Members of City Council,

I am advising you that the construction management firm, Wight construction retained for the remodeling project will be presenting the project for bid during the month of July. They plan to break up the bid package into prime subcontractors which will include the following scopes of work; carpentry, plumbing, electrical, flooring, and painting. All subcontractors will be managed and directed by Wight Construction and their site supervisor.

Wight Construction will prepare the notice of bid for the local newspaper and the City's web site. The bid will be open for 15 business days with the availability for site inspection and a mutually agreed upon date. The bids will be opened here at the City hall on a date to be determined upon approval and advertised.

The project which has been approved by Council at the March 22, 2016 meeting is still within the scope of the budget at \$100,000. The City of Berwyn Foreign Fire Tax Fund will be contributing \$20,000 towards the project. This project has been planned for and approved in the 2016 budget.

Should you have any questions feel free to contact me.

Dear Chief O'Halloran,

Since we now have design approval from you and your staff on the kitchen and bathroom renovation project at the fire station, Wight Construction is currently working on assembling a construction bid package for a public bidding. Our estimated budget for the project, based on your requirements and the scope included in the drawings is \$100,000.00. This would include our construction management services.

We plan to break the bid packages up into prime subcontractors which will include the following scopes of work: carpentry, plumbing, electrical, flooring, and painting. All subcontractors will be managed and directed by Wight and our site supervisor.

With your approval we would like to prepare a "notice to bidders" ad for the City of Berwyn to place in the local paper in order to advertise the project. I believe a bidding period of 15 working days, with an opportunity for prospective bidders to visit the site at a designated time will be adequate based on the size of the project.

If possible I would like to bid the project during the month of July with the intention of starting construction when the longer lead items have been procured. My suggestion is that we begin construction after the materials have been delivered to the site so that we can minimize the downtime of the kitchen area.

Please let me know the date of when you think the ad can be placed and we can set the availability of documents and the bid dates accordingly. Please feel free to contact me with any questions or comments.

Sincerely,

Re: Public Education - School Program 2016

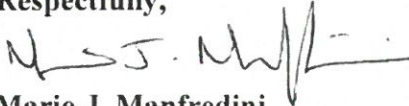

Honorable Mayor Lovero and Members of City Council,

For the past twelve years the Berwyn Fire Department has solicited funds from Berwyn Businesses and Organizations; we intend on sending out a letter signed by Fire Chief O'Halloran to our targeted audience, all monies received to our Department are used to purchase fire safety materials for all schools in Berwyn. Last year was the third year we ran this program on our own and we raised \$7,450 and were able to purchase 10,000 custom coloring books as well as other Public Educational Materials.

On or before Fire Prevention Week our Firefighters visit every school targeting kindergarten through 3rd grade to give Safety Talks and pass out all materials that were purchased through a this program.

As the Chief serving over Public Education I am looking for your approval to continue this beneficial program that aides our limited budget. During these economic times I would like your direction as to whether or not the Fire Department should continue to solicit funding for this program. I have attached a copy of the letter we would use to solicit our targeted audiences for your review. Since we brought this program in-house we have reduced costs and secured more Public Education materials to reach a larger audience in a more costly manner. If you should have any further questions regarding this matter please contact me.

Respectfully,

Dear Friend and Sponsor,

In a sincere effort to keep our young children safe our department is continuing our commitment to fire prevention. Our department is now organizing our annual fire safety and burn prevention education program with diversified materials targeted for the children in our community.

Our department will coordinate and distribute over 7800 pieces of educationally sound fire safety materials geared to preschool and elementary age children in our areas. The diversified materials we have selected for our use are designed to reach each child's age level of learning. The materials selected are created and designed to follow along with the National Fire Protection Association 2016 Fire Prevention Week theme. We have found the materials to be enthusiastically received by teachers and children alike.

We need the support of concerned business, industrial and professional leaders to keep our program ongoing and successful each year. This is the only program of this type our department will be conducting this year.

Your sponsorship of **50 children @ \$100.00, 75 children @ \$150.00, 100 children @ \$200.00, 150 children @ \$300.00, 200 children @ \$400.00** is appreciated.

In grateful appreciation for your support, **your name or business name** will be placed on the prestige page of all the fire safety activity manuals the children receive. *Your prompt remittance will assure your name on the materials the children take home.*

PRIMARY NARRATIVE

Mark Hernandez, who resides at 3741 S. Oak Park Ave, Berwyn IL, is requesting handicapped parking signs to be placed in front of his residence.

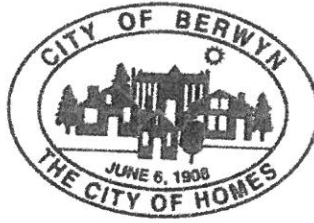

Mr. Hernandez is the property owner. There is a two car garage on the premises, which is currently used for another vehicle and also for storage.

Several attempts were made to contact the applicant (via telephone and at the residence, in order to obtain the mandatory PERMANENT placard number, and correct plate/vehicle information) but were met with negative results.

For the above stated reasons, this officer feels that this application should be denied at this time.

Re: Partial Street Closure of 34th Street and Grove Avenue on
Sunday, August 21st from 11:00am to 3:00pm
for Christian Life Center Church Picnic, 3409 Grove Ave., Berwyn

We are seeking the approval of partial street and alley closure on Sunday, August 21st @ 11:00am to 3:00pm. during our Church Picnic on our property which resides on the corner of 34th Street and Grove Avenues. We will be inviting our neighbors as well as our congregation and in anticipation of the amount of people attending, we would like to ensure the safety of all especially the children.

Therefore, we are requesting that southbound traffic onto Grove Ave from 34th street be closed, as well as northbound Grove Ave traffic be diverted West through the alley and vice versa ensuring our neighbors still have access to their homes and garages. This will be only for a 4 hour period of time.

Please see Google Maps, aerial and street view included for exact position of closures we are requesting. We thank you for your consideration of our request and look forward to hearing of your decision in the near future. If any questions or concerns arise, please do not hesitate to contact Pastor David Tinberg at 708-398-3234 x 33.

RE: Handicap Parking Space Removal, 1516 S. Euclid Ave. Permit #299

Ladies and Gentlemen:

For your consideration, I respectfully request the following Handicap Parking Signs be removed for the following reasons:

1. **Ordinance 484.05 Sec. (B)(2)** *The applicant must be an owner of a motor vehicle for which the Illinois Handicapped or disabled veteran license plate or handicapped card has been issued. Mr. Paschal does not drive and does not own a vehicle.*
2. **Ordinance 484.05 Sec. (B) (3)** *The applicant has no outstanding debts with the city. Mr. Paschal received a letter dated February 1 2016 from the City Clerk's office stating that the outstanding balance with the Water Department puts him in default of the Handicap Sign Ordinance. As of today, the balance remains on the account.*

Mr. Paschal resides in his mother's home with his caregiving partner, sister and mother. It would be my recommendation to immediately remove the handicap parking signs.

Sincerely,

Thomas J. Pavlik, MMC
City Clerk
