It would include a \$1,000 payout for every year of service plus sick time buy out versus offering an IMRF 5 + 5 incentive as in the past. After discussion, council was in favor of moving forward without any objections.
4. The Mayor recognized Alderman Avila who was in attendance at the public hearing held on September 14, 2015 for the vacation of portions of Maple Ave. north of Cermak Road, noting it was well attended by area residents. RE: Painting the Plugs on Roosevelt Road-October 17, 2015

Dear Mayor and Members of the City Council:

I am partnering with Youth Crossroads and Mr. Aaron Mitchell from B.A.M.(Berwyn Arts and MusicA) for an art project on Roosevelt Road, "Paint the Plugs". Morton West students from Youth Crossroads will be painting the fire hydrants on Roosevelt Road from Wenonah Avenue to East Avenue on Saturday, October 17, 2015 (weather permitting). I have spoken with Mr. Bob Schiller from Public Works, Fire Chief Denis O'Halloran, and Cmdr. Joseph Santangelo from the Police Department regarding this project. We will be using paint approved by Public Works. All of the "artists" have had a trip to the Fire House to understand what is to be painted and technique. Graffiti Removal will clean the plugs the week prior to make painting easier. The project will begin at approximately 9:30 a.m. and end at approximately 1:00 p.m. I invite any police officer or fireman working on this date to stop by and encourage the students on this project. I also want to thank everyone listed for their help in bringing this project to fruition. This communication is informational.

FROM: DEL GALDO LAW GROUP, LLC
DATE: OCTOBER 9, 2015
SUBJECT: PLUMBING CODE AMENDMENT

This memorandum provides information regarding *An Ordinance Amending Chapter 1422, Section 1422.01, Section 1422.02 And Section 1422.03 Of The Codified Ordinances Of Berwyn Regarding Plumbing For The City Of Berwyn, County Of Cook, State Of Illinois* (the “Ordinance”). The City of Berwyn, Illinois (the “City”) is required to adopt the Illinois Plumbing Code (the “Illinois Plumbing Code”), 77 Ill. Admin. Cd. §890.110 *et seq.* in order to comply with the requirements set forth by the Illinois Department of Natural Resources (“IDNR”) regarding the use of Lake Michigan water. The City previously adopted “Chapters of the Municipal Code of Chicago Relating to Plumbing dated March 28, 2001 With Amendments” (the “Chicago Plumbing Code”). The Illinois Municipal Code states that home-rule units, other than the City of Chicago, lack the authority to set their own plumbing standards. 225 ILCS 320/42. Therefore, all municipalities in Illinois must abide by the Illinois Plumbing Code.

The Illinois Department of Public Health (“IDPH”) is the only entity that has the authority to approve local amendments to the Illinois Plumbing Code. IDPH has considered and tentatively approved the City’s proposed amendment regarding the use of Lake Michigan water.

Re: **2015 Holiday Decoration RFP – Bid Award**

At the September 22nd meeting, City Council authorized the issuance of the annual Holiday Decoration RFP; bids were opened on the October 6th. Two different contractors submitted bids, and the lowest bid was Arte Verde Garden's bid in the amount of \$25,455.00. This bid is in line with estimates. Arte Verde was also the low bidder in 2012, 2013 and 2014; the company successfully executed the contract in each of these years. Finally, staff requests that Council authorize an additional 10% (\$2,545.50) to the bid price as a contingency for any unforeseen circumstances.

Recommendation:

Staff recommends authorization to execute a contract with Arte Verde Gardens to provide holiday decorations to the City of Berwyn in an amount not to exceed \$28,000.50.

Re: **Third Millennium Proposal for Secretary of State Vehicle Verification**

The City of Berwyn has made strives to simplify the process for obtaining vehicle stickers for Berwyn residents in recent years. By lowering the cost to register vehicles parked in garages to eliminating the fee for online credit card transactions, Berwyn residents are afforded a multitude of options to comply with the City of Berwyn ordinances for vehicle registration.

The next step in the evolution of the vehicle sticker program is to level the playing the field in order to assure that all residents are playing by the same rules. The City of Berwyn has developed a detailed database of all vehicles that are compliant with current city ordinances regarding parking stickers. Through intense negotiations with the Illinois Secretary of State and the City's relationship with the third party vendor for Berwyn's vehicle sticker database vendor, Third Millennium, staff has developed a procedure to identify non-compliant vehicles.

The attached proposal lays out a plan in which the vehicles which have obtained Berwyn parking stickers will be cross referenced with vehicles registered with the Secretary of State that reside within the City of Berwyn. Through this program, the vehicles which are registered within Berwyn but have not obtained a Berwyn vehicle sticker will be notified of their non-compliance and provided information on how to become compliant with the local ordinances.

Third Millennium will provide the technical expertise for the cross referencing compliance. Berwyn staff has negotiated a 20% discount to the initial offer for this service; the upfront consulting cost of this technical service will be \$3,995.00. Additionally, the City of Berwyn will be responsible for postage associated with sending out notifications of non-compliance.

Finally, as with all objectives of the Administration, this proposal is designed for compliance rather than penalties. Berwyn residents that abide by the City Ordinances will see no change to their expected level of service. That said, registered vehicles that choose to not comply with the law will have their license plate numbers and owner information submitted to the Berwyn Police Department. The Berwyn Parking Enforcement Division of the Police Department will use this information to identify vehicles that owners have neglected to comply with local laws.

Recommendation:

Authorize Third Millennium Associates to implement the attached proposal for vehicle sticker follow up using Secretary of State vehicle registration information.

September 4, 2015

Mr. Rasheed Jones
Finance Director
City of Berwyn
6700 26th St
Berwyn, IL 60402

Dear Mr. Jones:

Per our recent discussion we are providing a proposal for our Vehicle sticker Follow-up / Scofflaw revenue enhancement program.

The purpose of the Third Millennium Associates (TMA) Vehicle sticker application Follow-up/ Scofflaw mailing is to generate additional revenue by encouraging those citizens who did not purchase their Vehicle sticker during this year's vehicle sticker renewal mailing, to do so now and search out those citizens who *never purchased* a sticker.

TMA'S vehicle sticker application follow-up mailings have statistically yielded a return on investment from two hundred to five hundred percent. These percentages do not include the fact that approximately seventy percent of those who buy on the follow-up mailing will also buy on the next annual Vehicle sticker application renewal mailing, making the return on investment even more compelling.

The process begins by utilizing TMA'S vehicle licensing software to provide an exportable file of the citizens that were mailed a Vehicle sticker renewal application and did not respond. The NCOA process will tell if they still reside in your City and determine if we send them a follow-up letter to remind them that they are in violation of the City's wheel tax ordinance.

The City can purchase the Illinois Secretary of State (SOS) vehicle license file for the following procedures to be performed. TMA will perform a match merge process of the purchased vehicle stickers file against the City's Utility billing file to isolate the Utility billing citizens that have never bought a sticker. We will then search the SOS file for the same addresses and names of the Utility file scofflaws and when found we can attach their specific vehicles from the SOS file.

TMA will also use the SOS file to extract names and addresses that are not in the Utility file and did not purchase a vehicle sticker, this process will give us the scofflaw Apartment, Condo and Duplex dwellers that do not receive a Utility bill but reside in your City.

All of the proceeding files will be in their own individual format with different representations of street addresses and names. To correct these differences and increase the accuracy of the file

handling all the files will be CASS certified to standardize the addresses to USPS specifications (file normalization). The files will then be NCOA certified to find those citizens that have moved out of / or within your City.

The “move out addresses” will have the names and vehicles deleted and the name will be forced to “Resident” to assure that *each address* always receives a sticker application. The CASS and NCOA process is also required by the USPS to receive the steeply discounted first class “Automation Rate” postage of 36 cents per qualified piece.

TMA would utilize a City letterhead with an attached vehicle sticker application form. The entire letter and form would be 8 ½ x11 in size with the bottom 3 ½ x 8 ½ comprising the sticker application form. Scofflaws, who never bought a sticker, would receive a letter content specific to their offense. Sticker renewal recipients that did not re-purchase a sticker would receive a letter that addresses their lack of response. Our software would direct the laser imaging of the appropriate letter content.

We feel that it is critical to continue to do a follow-up mailing to show the non-compliant citizens that the City “means business” and will not tolerate scoff-laws. It is also our recommendation that Past due penalties should be twice the regular sticker amount and citations should be issued to scofflaws by your Police department.

The cost for the Vehicle sticker follow-up system is \$3,995.00 (excluding postage) and including all data processing services, NCOA and CASS certifications, forms, envelopes and postal reports. The additional cost of using the state tape (after the City purchases the State tape) will be \$300.00. ***This fee will be waived for the 2015 seconds mailing per Jim Leader.***

The City will be provided with a CD-ROM containing the names and addresses of citizens who have moved within or out of your City. This information will contribute to increasing the accuracy and revenue from your new Vehicle sticker database and may be electronically imported into your TMA Vehicle licensing software.

As a final thought, the law abiding citizens of your community will be delighted to see a continuing crackdown on the scofflaws. Statistics will show that the citizens who are first in line to buy a sticker are also first in line to vote. The same statistics will also show that scofflaws are seldom found in the voting line.

Yours truly,
