**MINUTES
BERWYN CITY COUNCIL
COMMITTEE OF THE WHOLE
JUNE 23, 2015**

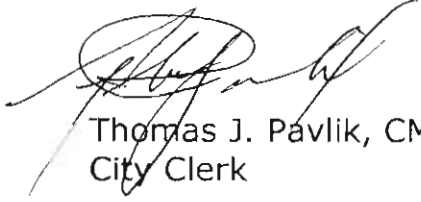

1. Mayor Lovero called the Committee of the Whole to order at 7:00 p.m.; upon the call of the roll the following responded present: Chapman, Boyajian, Paul, Fejt, Avila and Laureto. Absent: Santoy and Polashek. Thereafter, Avila made a motion, seconded by Laureto, to excuse Aldermen Santoy and Polashek. The motion carried.
2. IT Upgrades: The Mayor recognized IT Director Jim Frank who reviewed item J-4, upgrade on core switching. Frank reviewed the four RFP quotes received, noting that IE Mentor was the lowest cost proposal meeting all the specifications and they provide an expert-level of consulting based on past history with that firm. Frank recommended going with the lease option, after consulting with the Finance Director, at the total cost of \$95,091.75, payable in the amount of \$19,018.35 per year.
3. The Mayor stated there were some questions and concerns regard item H-2, ZBA Variance for Turano Baking parking lots. Alderman Paul questioned how much of the alley and parkway will the cul-de-sac take-up. The Mayor recognized Public Works Director Robert Schiller who presented council with revised design plans for the proposed cul-de-sac, with a smaller 25' radius, along with shifting the cul-de-sac slightly further north of original plans, per discussions at community meetings held regarding matter. Schiller explained that this would provide 4-6 more residential parking spaces and that Turano will be applying for MWRD storm water detention permits as well. A representative from Turano Baking was available for questions. Discussion ensued, thereafter the Mayor recognized resident and affected area building owner, Dave Miklos who asked that the cul-de-sac extend even farther north to Turano's property line. Director Schiller responded to that request and further discussion ensued. The Mayor stated that the matter will be on the council floor tonight for vote.
4. Alderman Fejt questioned item J-1, Design and construction of the 19th Street Pumping Station Emergency Generator and Associated Electrical Improvements and asked for details on the RFP and to confirm that only one proposal was received. The Mayor recognized City Administrator Brian Pabst who reviewed the RFP processes and confirmed that only one proposal was received and noted that a representative from Patrick Engineering was available for any questions. Fejt asked if there will be any sub-contractors used. Answer, yes, but Patrick Engineering will be the General Contractor, Electrical Design Engineer and the on-site project supervisor.

Re: Appointment of Amanda Venditti as Community Relations Chair

Council Members:

In order to address the vacancies on the Community Relations Commission, I have tapped the skills of Berwyn resident Amanda Venditti to serve as its Chairperson. As the attached resume will show, Ms. Venditti is a competent attorney and has the skills to lead this important commission and uphold Berwyn's Community Relations Ordinance.

I ask that you concur with my recommendation to appoint Amanda Venditti as Chairperson for the Community Relations Commission.

Respectfully,

Robert J. Lovero

Re: Request for Variation – Private Parking Area at 3633 S. Wisconsin – McDonald’s USA, LLC

Mayor Lovero and Members of the City Council:

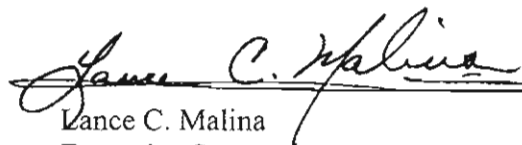

Attached are Findings of Fact from the Zoning Board of Appeals relative to a request for a Variation for a proposed private parking area on residentially zoned property located at 3633 S. Wisconsin Avenue. The Variation relates to permitted uses in the A-1 Zoning District, where, pursuant to Sections 1248.01 of the Zoning Code, a private parking area is not a permitted use on residentially zoned property.

The unanimous recommendation of the Zoning Board of Appeals on this matter was to DENY the request. **It is my understanding that the Petition has since been withdrawn by McDonald’s, so there is no Ordinance for your consideration.** I did, however, want to submit to you, for the record, the findings of the Zoning Board of Appeals.

Attached to the Findings of Fact are Exhibits from the Public Hearing.

The recommendation of the ZBA in this matter was to DENY the request for a Variation on a unanimous vote of 7-0.

Respectfully,

Lance C. Malina
Executive Secretary,
Berwyn Zoning Board of Appeals

**FINDINGS OF FACT AND RECOMMENDATION OF THE
CITY OF BERWYN ZONING BOARD OF APPEALS TO
THE MAYOR AND CITY COUNCIL**

June 16, 2015

- APPLICATION:** For a Variation from the list of permitted uses set forth in Section 1248.01 of the Zoning Code of the City of Berwyn in order to allow a private parking area to be located on property zoned for residential use in the A-1 Single-Family Zoning District at the address commonly known as 3633 S. Wisconsin Avenue, Berwyn, Illinois
- PETITIONER:** McDonald's USA, LLC
- PROPERTY:** 3633 S. Wisconsin Avenue, Berwyn, Illinois (the "Property")

SUMMARY OF REQUEST AND RECOMMENDATION: The City of Berwyn has received a request from Petitioner McDonald's USA, LLC ("Petitioner") for a variation from the list of permitted uses set forth in Section 1248.01 of the Zoning Code of the City of Berwyn ("Zoning Code") in order to allow a private parking area to be located on property zoned for residential use in the A-1 Single-Family Zoning District at 3633 S. Wisconsin Avenue. The Property lies in a residential area immediately north of and across the alley from the existing McDonald's lot that serves the McDonald's at 7031 Ogden Avenue. Private parking areas are not permitted uses in an A-1 residentially zoned district and Petitioner is therefore seeking a variation from the list of permitted uses in Section 1248.01 in order to allow development of an extended parking area on the Property.

Following a public hearing held on June 16, 2015, the Zoning Board of Appeals of the City of Berwyn ("ZBA") recommended denial of the requested variation on a unanimous vote of 7-0.

BACKGROUND: The Property consists of a residentially zoned lot immediately north of and across the alley from the existing McDonald's parking area serving the McDonald's at 7031 Ogden Avenue. McDonald's had previously been located across the street on the other side of Ogden, but had moved to its current location several years ago. The Ogden Avenue location is commercially zoned, while the properties that back up to the commercially zoned Ogden Avenue properties are largely residential. Petitioner proposes to demolish the existing single-family structure on the Property and to replace it with a 15-space lot.

PUBLIC HEARINGS: At the public hearing on Petitioner's variation request held on June 16, 2015, Tim Hinchman, an attorney for Petitioner, testified on behalf of

Petitioner. Also testifying for McDonald's were property owner Armando Gonzalez, construction manager Andy Vitale, and traffic consultant Javier Millan.

Petitioner's representatives testified that McDonald's seeks to redevelop the Property as a private 15-space parking area. McDonald's has an option to purchase the property. Hinchman noted the large, but irregular shape of the lot comprising the Property, the fact that it could not be subdivided into two buildable lots and its proximity to commercial parking.

A number of area residents posed questions to Mr. Gonzalez, the current owner of the Property. Owner Gonzalez testified that the existing residence on the Property is not in good condition. He purchased the residence to rehabilitate the house, and believes it can be rehabilitated. Gonzalez acknowledged that he could still make a profit following such a rehabilitation, just not as much as he could by selling the Property to McDonald's. Since buying the Property 1 ½ years ago, Gonzalez has not engaged in any design work or pulled any permits. He is maintaining the exterior of the Property, such as cutting the grass. He pays the property taxes on the Property.

Andy Vitale was the construction manager when the McDonald's at the 7031 Ogden location was built. He confirmed, upon questioning, that McDonald's has an option to purchase the Property. Vitale testified that he visits the 7031 Ogden location occasionally, and had observed that the lot was often full. Through questioning, it was established that the old McDonald's location on the south side of Ogden had more parking than the 7031 Ogden location for less seating.

Residents questioned Petitioner's representatives about lighting. The McDonald's operates 24 hours a day, and the proposed parking area on the Property would therefore be lit all night. A resident noted that there have been complaints about current light levels bleeding onto adjacent properties.

Javier Millan testified on behalf of Petitioner that he had visited McDonald's and on one date observed all spaces in the current lot filled at 11:30 a.m., 11:45 a.m. and noon. He observed persons driving through the lot when it was full, and exiting to presumably park on the street or somewhere else. He noted that the proposed lot would be designated for employees and would therefore be a low turnover lot. The employee parking only designation would be established through signage.

Through questioning, Property owner Gonzalez admitted that he purchased the Property for \$100,000, thought he could sell it for \$150,000 as a residential property, but was going to be paid \$192,000 by McDonald's. He acknowledged he would profit regardless of whether it was sold to McDonald's.

The McDonald's representatives testified that when they originally moved across Ogden to the present location, they thought parking would be sufficient. It has not been however.

McDonald's representatives admitted they had not really explored other options relative to addressing any parking issues at the 7013 Ogden location.

A number of objectors testified in opposition to the proposed variation. Between the questions they had posed to Petitioner's representatives, and their own testimony, they raised a number of issues, including:

- The fact that there was more parking for less seating at the old McDonald's location on the south side of Ogden Avenue;
- The lack of an official or formal study showing a need for additional parking;
- Concerns about lighting and light pollution on adjacent residential properties;
- Increased traffic in the residential area;
- The overnight hours that the lights in the proposed parking area would be on;
- The fact that the proposed parking area will replace a bungalow, something that the City is known for;
- Concerns about residential lots being converted to commercial use;
- Potential negative impacts on property values of nearby properties;
- The alley acting as a natural barrier to the commercial development, and the results if that barrier is breached by bringing a commercial use to the residential side of the alley;
- Their opinion that McDonald's has not been a good neighbor to date; and
- Concerns as to whether the hardship standard had been met.

Alderman Nona Chapman spoke about the poor working relationship between McDonald's and the adjoining residential area. Lighting has been an issue. In addition, McDonald's, which still owns the former McDonald's site on the south side of Ogden Avenue, had placed so many deed restrictions on that site that it was proving difficult to sell. She suggested that McDonald's use the former site for its additional parking.

Exhibits marked during the course of the Public Hearing included: **Exhibit 1**, the published legal notice for the application/public hearing, and its accompanying Certificate of Publication. The Executive Secretary noted for the record that notice of the public hearing had been published on May 31, 2015, in accordance with the Zoning Code. **Group Exhibit 2** consisted of the full application for the relief sought by Petitioner. **Exhibit 3** was a written objection/petition submitted by individuals opposed to the variation. Executive Secretary Malina also noted for the record that a number of written comments in opposition to the proposed variation had been received from nearby residents.

There being no further questions or members of the public wishing to speak on the application, the Public Hearing was closed.

The Area Investigator appointed in these combined matters was ZBA Chairman Joel Chrastka. Mr. Chastkra discussed his investigation and his opposition to the proposed variation. The other members of the ZBA each then in turn expressed their views on the proposed variation and use.

A motion was made by Chairman Chrastka, and seconded by Member Bruen, to recommend denial of the requested variation. The motion to recommend denial was approved by a unanimous vote of 7-0.

FINDINGS: The ZBA makes the following Findings as to the proposed Variation:

- (A) Because of the particular physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of the Zoning Code were carried out. The members of the ZBA felt that this standard had not been met, and that the Property could remain in productive use without the granting of the variation.
- (B) The conditions upon which an application for a variation is based are unique to the property for which the variance is sought and are not applicable, generally, to other property within the same zoning classification. The members of the ZBA did not feel that this situation was unique, and were concerned that crossing the alley that traditionally divides the commercial areas on Ogden from the residential areas to the north would create a poor precedent.
- (C) The purpose of the variations is not based primarily upon a desire to increase financial gain. Members of the ZBA felt that the primary reason for the variation was to increase sales for McDonald's and to provide additional profit to the current owner of the Property.
- (D) The alleged difficulty or hardship is caused by the Zoning Code, and has not been created by any persons presently having an interest in the Property. The members of the ZBA felt that this standard had not been met. Petitioner created the hardship by moving to a new location at 7013 Ogden that had less parking for more seating than the previous location.
- (E) The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located. The members of the ZBA found that the parking improvements may be detrimental by, among other things, increasing traffic in the alley in close proximity to the residential areas of the neighborhood, and by increasing light pollution.
- (F) The granting of the variation will not alter the essential character of the neighborhood. The ZBA found that the proposed variation would alter the essential character of the residential neighborhood to the north of the alley, by bringing a commercial use into the neighborhood.
- (G) The proposed variation will not impair an adequate supply of light and air to adjacent property, substantially increase the congestion of the public streets, increase the danger of fire, impair natural drainage, create drainage problems on adjacent properties, endanger the public safety or substantially diminish or impair property values within the neighborhood. The ZBA did not find that the Petitioner had sufficiently met this standard as applied to public safety and property values.

RECOMMENDATIONS: Based upon the foregoing Findings, the ZBA, by a unanimous vote of 7-0, recommends to the Mayor and City Council that the request of Petitioner McDonald's USA, LLC, for a variation from the list of permitted uses set forth in Sections 1248.01 of the Zoning Code of the City of Berwyn, in order to allow a private parking area to be located on a property zoned for residential uses in the A-1 Single-Family Zoning District at 3633 S. Wisconsin Avenue, be DENIED.

Re: Ad Hoc Zoning Committee Formation

Ladies and Gentlemen:

With the understanding the Chicago Metropolitan Agency for Planning (CMAP) will make recommended improvements to our Zoning Code, it is my request to form an Ad Hoc Committee to evaluate the existing zoning regulations of the City of Berwyn. The goal of the committee will be to research and compare Zoning regulations of similar sized municipalities and to develop recommendations to the existing Zoning Code. These recommendations can be added to the final CMAP work product or can be implemented prior to its issuance.

The AD Hoc Committee will meet maximum of (5) times and will present its finding to the City Council for approval. The following community members and individuals will be invited to serve on the committee:

Cesar A. Santoy (Committee Chair)
Alicia Ruiz
Nasri Mansour
Emilio Padilla
Don Morris
Kurtis Pozsgay
Charles Lazzara

The CMAP recommendations will also be reviewed by the Ad Hoc committee prior to final consideration by the City Council. It is my request for the members of the City Council to approve the formation of this committee.

Sincerely,

Cesar A. Santoy

Re: Disposal and donation of old turnout gear.

Mayor Lovero & Members of City Council,

This communication is to request that some old turnout firefighting clothing be declared as surplus and donated to the Fire Zone, a firefighting education service for kids.

Through a successful grant writing application, new turnout gear for our members was secured in the past. The old turnout gear cannot be used for trade-in value due to the fact that they do not meet current standards for structural firefighting. We have researched the market to sell or dispose of the clothing. We are having difficulty in determining the exact value for the gear. The old gear has been in storage and we would like to dispose of them. I am asking permission to dispose of the following old turnout clothing and donate the gear to the Fire Zone.

4 sets of leather boots

4 firefighting helmets

2 firefighting hoods

4 turnout coats

2 pairs of turnout pants and suspenders

1 truckman's belt

1 water can fire extinguisher

The gear will be donated to the Fire Zone an Public Education Service for kids, providing a firehouse adventure for kids, located in Schaumburg, IL.

It would be my recommendation to declare the old gear as surplus and donate the gear to the Fire Zone.

Attached is a letter acknowledging the donation and the use of the obsolete equipment along with a release of any and all Liability from the Berwyn Fire Department.

Dear Chief:

The FireZone is the only firehouse and firefighting education facility just for kids. This kid-friendly firehouse and interactive events facility creates a fun, hands-on look into the world of firefighting.

We sincerely appreciate your donation of surplus equipment. The surplus fire equipment is to be used for fire safety education and is deemed obsolete and no longer functional for structural firefighting. We release any and all liability from Berwyn Fire Department with any surplus items that are received.

We sincerely appreciate your time and greatly appreciate your support. Thank you.

RE: Request to promote next eligible candidate from the Sergeant List

Ladies and Gentlemen:

I am respectfully requesting your approval to promote the next eligible candidate from the Fire and Police Commission's current Sergeant Eligibility List. This request is being made to fill a vacancy created by the retirement of Sergeant Louis Stillo.

This position is currently budgeted for and therefore would not constitute an increase in staffing. Your consideration in this matter is greatly appreciated.

Respectfully submitted,

Re: Request authorization to request sealed proposals for the replacement and relocation of a section of watermain located at Windsor and Gunderson Avenues.

Staff is requesting approval from the City Council to proceed with Request for Proposals for the replacement and relocation of a section of watermain located at Windsor and Gunderson Avenues. This item was originally presented as an emergency repair, but due to the delays created by ComED, the IEPA emergency permit expired. This required staff to take additional measures to ensure traffic safety and accessibility until a standard IEPA permit can be obtained. Currently plans have been submitted to the IEPA for approval. The area has been secured and I would like to solicit proposals for this project.

This project is partially funded from reimbursements from ComED and AT&T. With the balance being paid from the Utilities fund, account #500-44-5800

Recommended Action

Staff recommends the City Council authorize the Public Works Director to prepare a Request for Proposal for replacement and relocation of a section of watermain located at Windsor and Gunderson Avenues.

Respectfully,

City of Berwyn
City Clerk's Office
Berwyn City Hall
6700 West 26th Street
Berwyn, IL 60402

To Whom It May Concern:

I am submitting the attached application to obtain a Handicap Sign Placement/Drop-off Zone for my Father, Timoteo Hernandez, for his home at 3641 Scoville, Avenue.

I do not live with my Father, but live one block away at _____ and I am his primary provider for his transportation. My Father has never driven, so does not have his own vehicle.

He was recently hospitalized and is now required to have oxygen and a walker. He lives across the street from Pershing school and down the street from Freedom Park. There is limited parking in front of his home due to everyone attending school functions and soccer games. It is extremely difficult to double park and escort him up the stairs into the home safely with the oxygen and walker.

I have obtained his Placard (# CG23424) from the Secretary of State.

I believe I filled out the form appropriately and obtained the appropriate physician documentation required.

If I missing any information, please contact me at _____ I do not want to delay his application.

Your prompt attention to this matter is greatly appreciated.

Thank you,

Blanca E. González

ARK MINISTRIES

YOUR NEW LIFE IS IN THE ARK

July 8, 2015

To: Mayor Robert Lovero

First of all Mayor Lover Thank you, for taking out of your busy schedule to join us in our efforts to help the community. This is our formal request for your approval and support for Ark Ministries' "Back to School" Outreach to be held on August 9, 2015. We are expecting to help many families in the community of Berwyn. TLN broadcasting network will also be filming our event for a documentary.

Ark Ministries founders Vilma and Al Hernandez teach and live the principles of "sowing and reaping." The philosophy of "give and it shall be given unto you" is exemplified in the daily approach of Donations. Ark Ministries is a 501c3 Non for profit Organization.

Our date for the Outreach is August 9, 2015 from 10am-4pm behind 6810 W Cermak Berwyn Il 60402. We will be giving away boxes full of different food items. Also World Vision is providing us with book bags filled with school items. They are also donating pampers and shoes for toddlers. We will be bringing in 2 trucks filled with the food, so we will need the public parking blocked from Oak park Ave to Grove Ave directly behind 6810 W Cermak Rd in Berwyn

We will also need caution tape, barricades and portable toilet, no parking signs for that date. If possible your presence and that of Alderman Avila would be most appreciated.

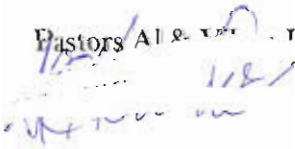

We look forward to establishing a long relationship with your city. Our Tax exemption identification number is E9924-1250-01. Our EIN # is 46-2874743.

If you have any further questions feel free to contact us at 708-200-9037

Thank you, in advance for your continuous support

Sincerely

Pastors Al & Vilma Hernandez

Re: Block Party located at 2500 block of Clarence

Honorable Mayor Lovero & Members of City Council:

Attached, please find a petition for a block party on the _____ block of 2500. The residents request permission to hold the event on the 7-18-15 with a rain date of 7-19-15. We are aware of the ordinance regarding block parties and will abide by all of them.

The Berwyn Police Department believes in building strong partnerships within the neighborhood. An Officer or McGruff can briefly visit the block party and distribute some information about the Police Department. If available, we would you like to have an Officer/McGruff stop at our block party? YES () or NO ()

Block parties provides an opportunity for us to get to know the Fire Department as well as the opportunity for the Fire Department to get to know the residents, as it promotes fire safety education. Berwyn's Fire and Safety Services would be glad to provide a fire engine to visit the block party, if available. If available, we would like to have the Fire Department visit our block party?
