Re: Cermak Plaza Redevelopment Agreement

Dear Mayor and City Council,

The BDC is seeking consideration of the attached Ordinance and Redevelopment Agreement for the final phase of redevelopment at Cermak Plaza.

The final phase of redevelopment at Cermak Plaza is a \$6M renovation of the far eastside of inline space at the shopping center to be occupied by Ross clothing store and new outlot for Longhorn Steakhouse. The new operations are estimated to create 58 FTE jobs and \$428,000 in new annual sales and property taxes. The completion of the third phase of redevelopment will reduce the vacancy rate from 11% to less than 1% of the 305,474 sq. ft. which is the largest piece of retail property within the City of Berwyn.

With the consent of City Council, the group can commence work on their project and contribute to the revitalization efforts taking place on Cermak Road.

Respectfully submitted for your consideration,

Anthony W. Griffin

CERMAK PLAZA REDEVELOPMENT AGREEMENT

This Cermak Plaza Redevelopment Agreement (this "Agreement") is made as of this day of , 2014, by and between the CITY OF BERWYN, Cook County, Illinois, an Illinois municipal corporation ("City"), and CERMAK PLAZA ASSOCIATES, LLC, a Delaware limited liability company ("Developer").

RECITALS

A. As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

- B. The City is authorized under the provisions of the <u>Tax Increment Allocation Redevelopment Act</u>, 65 ILCS 5/11-74.4-1 <u>et seq.</u>, as amended from time to time (the "**Act**"), to finance projects that eradicate blighted conditions and conservation area factors through the use of tax increment allocation financing for redevelopment projects.
- C. To induce redevelopment pursuant to the Act, the City Council of the City ("City Council") adopted the following ordinances: (1) on June 27, 2011 Ordinance No. 11-26 "An Ordinance Approving a Redevelopment Plan and Project for the Harlem Redevelopment Project Area"; (2) On July 27, 2011, Ordinance No. 11-27 "An Ordinance Designating the Harlem Redevelopment Project Area as a Redevelopment Project Area pursuant to the Tax Increment Allocation Redevelopment Act"; and (3) On July 27, 2011, Ordinance No. 11-28 "An Ordinance Adopting Tax Increment Allocation Financing for the Harlem Redevelopment Project Area" (collectively referred to herein as the "TIF Ordinances"). The redevelopment project area referred to above (the "Redevelopment Area") is legally described in Exhibit A hereto.
- The Developer holds fee simple title to the Cermak Plaza shopping center, D. an approximately 300,000 square foot neighborhood shopping center occupying approximately 29 acres of land (the "Existing Center") located at the south-east corner of Harlem Avenue and Cermak Road in the City's Harlem TIF District and legally described on Exhibit B hereto (the "Property"). The Developer has completed three phases of the renovation of the Existing Center. Phases I through III consisted of (i) the installation of a new facade and parking lot improvements that include renewable energy sources, (ii) the demolition of the former Service Merchandise space and construction of a Meijer store, and (iii) the re-letting of the former Circuit City store. Within the time frames set forth in Section 3.01 hereof, the Developer intends to (i) commence and complete the demolition of approximately 26,000 square feet of existing inline retail space and any MWRD required on-site detention improvements and (ii) the construction of approximately 27,000 square feet of shell for new inline retail space for Ross Dress For Less Incorporated excluding tenant improvements and including those TIF-Eligible Improvements as defined below and set forth on Exhibit C (the "Project".) The Project does not include the "Outlot" as defined below. The completion of the Project would not reasonably be anticipated without the financing contemplated in this Agreement. - (ii) to furnish a good and sufficient bond or other security satisfactory to the City in such form and amounts as the City shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charge and all interest and penalties upon the adverse determination of such contest.
- **8.11 Developer's Liabilities.** The Developer shall not enter into any transaction that would materially and adversely affect its ability to perform its obligations hereunder or to repay any material liabilities or perform any material obligations of the Developer to any other person or entity. The Developer shall immediately notify the City of any and all events or actions which may materially affect the Developer's ability to carry on its business operations or perform its obligations under this Agreement or any other documents and agreements.
- **8.12 Compliance with Laws.** To the best of the Developer's knowledge, after diligent inquiry, the Property and the Project are and shall be in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, executive orders and codes pertaining to or affecting the Project and the Property.
- **8.13 Recording and Filing.** The Developer shall cause this Agreement, certain exhibits (as specified by the City), all amendments and supplements hereto to be recorded and filed against the Property on the date hereof in the conveyance and real property records of the county in which the Project is located. The Developer shall pay all fees and charges incurred in connection with any such recording. Upon recording, the Developer shall immediately transmit to the City an executed original of this Agreement showing the date and recording number of record.

8.14 Real Estate Provisions.

- (a) Governmental Charges.
- (i) <u>Payment of Governmental Charges</u>. The Developer agrees to pay or cause to be paid when due all Governmental Charges (as defined below) which are

assessed or imposed upon the Developer, the Property or the Project, or become due and payable, and which create or may create a lien upon the Developer or all or any portion of the Property or the Project.

- (ii) Right to Contest. The Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or forfeiture of the Property. No such contest or objection shall be deemed or construed in any way as relieving, modifying or extending the Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless the Developer has given prior written notice to the City of the Developer's intent to contest or object to a Governmental Charge and, unless, the Developer shall demonstrate to the City's satisfaction that legal proceedings instituted by the Developer contesting or objecting to a Governmental Charge shall conclusively operate prevent or remove a lien against, or the sale or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings; and the Developer shall furnish a good and sufficient bond or other security satisfactory to the City in such form and amounts as the City shall require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or forfeiture of the Property during the pendency of such contest, adequate to pay fully any such contested Governmental Charge and all interest and penalties upon the adverse determination of such contest.
- (b) <u>Developer's Failure To Pay Or Discharge Lien</u>. If the Developer fails to pay any Governmental Charge or to obtain discharge of the same, the Developer shall advise the City thereof in writing, at which time the City may, but shall not be obligated to, and without waiving or releasing any obligation or liability of the Developer under this Agreement, in the City's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which the City deems advisable. All sums so paid by the City, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, shall be promptly disbursed to the City by the Developer. Notwithstanding anything contained herein to the contrary, this paragraph shall not be construed to obligate the City to pay any such Governmental Charge. Additionally, if the Developer fails to pay any Governmental Charge, the City, in its sole discretion, may require the Developer to submit to the City audited financial statements at the Developer's own expense.
- **8.15 Survival of Covenants.** All warranties, representations, covenants and agreements of the Developer contained in this **Article VIII** and elsewhere in this Agreement shall be true, accurate and complete at the time of the Developer's execution of this Agreement, and shall survive the execution, delivery and acceptance of this Agreement by the parties hereto and (except as provided in **Article VII** hereof upon the issuance of a

Certificate of Substantial Completion) shall be in effect throughout the Term of the Agreement.

- **8.16** Annual Compliance Report. Beginning with the issuance of the Certificate of Substantial Completion and continuing throughout the Term of the Agreement, the Developer shall submit to the City the Annual Compliance Report within 30 days after the end of the calendar year to which the Annual Compliance Report relates.
- 8.17 Minimum Occupancy Requirement; Dark Days Provisions. The Developer hereby covenants to maintain a minimum occupancy of 80% of the net leasable area of the Center (the "Minimum Occupancy Requirement") for 12 years from the date of the Certificate of Substantial Completion (the "Compliance Period"). The City may rely on Developer's occupancy reports or, in its sole discretion, may undertake any audit or other method for obtaining occupancy figures from time to time.

In the event that the Developer is not in compliance with the Minimum Occupancy Requirement in any year of the Compliance Period, the City shall suspend all TIF payments under this Agreement unless and until such default is cured within the next twelve calendar months. Provided, however, if the Minimum Occupancy Requirement is not met solely as a result of the vacancy or non-operation of the Meijer store, then the Developer shall have a period of twenty-four (24) consecutive months to cure such deficiency. Further provided, the Developer shall only be entitled to two (2) cure periods under this **Section 8.17**.

- 8.18 Lease Review. The Developer has provided the City with an opportunity to review copies of the leases for the Center as set forth in Section 5.11 above. The Developer hereby covenants, during the Compliance Period, to provide the City with current information on its leasing activities for the Center for tenants leasing a minimum of 2,500 square feet of retail space. The Developer agrees that it shall not enter into any new lease at the Center, irrespective of the amount of space to be leased, without first providing the City with information regarding the proposed tenant. The Developer, however, shall have the right to enter into leases with any prospective tenant so long as such prospective tenant's use is in compliance with the Retail Overlay District restrictions attached hereto as Exhibit K.
- **8.19 Maintenance of Center.** The Developer covenants to maintain the Center in a good and attractive condition similar to other neighborhood shopping centers so as to attract tenants and customers including, but not limited to, maintenance of Center signage, parking lots, storefronts, refuse and snow removal.

The covenants set forth in Sections 8.16, 8.17, 8.18 and 8.19 shall run with the land and shall be binding upon any transferee throughout the Term of the Agreement.

ARTICLE IX REPRESENTATIONS/WARRANTIES OF CITY

- **9.01 Representation.** The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.
- 9.02 Survival of Representations and Warranties. The warranties and representations of the City contained in this Article IX or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

ARTICLE X ENVIRONMENTAL MATTERS

The Developer hereby represents and warrants to the City that the Developer has conducted environmental studies sufficient to conclude that the Project may be constructed, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, the Plans and Specifications and all amendments thereto, and the Redevelopment Plan.

Without limiting any other provisions hereof, the Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, regardless of whether or not caused by, or within the control of the Developer: (i) the presence of any Hazardous Material on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Material from all or any portion of the Project property, and (ii) any liens against the Project property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or the Developer or any of its Affiliates under any Environmental Laws relating to the Project property.

ARTICLE XI INSURANCE

The Developer agrees to provide and maintain, at Developer's own expense, or cause to be provided and maintained during the Term of this Agreement, insurance coverage, in amounts equal to industry standards, insuring all operations related to the Agreement including, but not limited to, commercial general liability, workers' compensation and employers liability and all risk property.

The Developer must furnish the City with original Certificates of Insurance, or such similar evidence, to be in force on the date of this Agreement, and Renewal Certificates of Insurance, or such similar evidence, if the coverages have an expiration or renewal date occurring during the Term of this Agreement. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in the Agreement have

been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. The failure of the City to obtain certificates or other insurance evidence from Developer is not a waiver by the City of any requirements for the Developer to obtain and maintain the specified coverages. The Developer shall advise all insurers of the Agreement provisions regarding insurance. Non-conforming insurance does not relieve Developer of the obligation to provide insurance as specified herein.

The insurance must provide for 30 days' prior written notice to be given to the City in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self insured retentions on referenced insurance coverages must be borne by Developer and Contractors.

The Developer hereby waives and agrees to require their insurers to waive their rights of subrogation against the City of Berwyn, its employees, elected officials, agents, or representatives.

The coverages and limits furnished by Developer in no way limit the Developer's liabilities and responsibilities specified within the Agreement or by law.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Agreement or any limitation placed on the indemnity in this Agreement given as a matter of law.

The insurance policies must name the Developer limited liability company as a named insured.

ARTICLE XII INDEMNIFICATION

Developer agrees to indemnify, pay, defend and hold the City, and its elected and appointed officials, employees, agents and affiliates (individually an "Indemnitee," and collectively the "Indemnitees") harmless from and against, any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs, expenses and disbursements of any kind or nature whatsoever (and including without limitation, the reasonable fees and disbursements of counsel for such Indemnitees in connection with any investigative, administrative or judicial proceeding commenced or threatened, whether or not such Indemnitees shall be designated a party thereto), that may be imposed on, suffered, incurred by or asserted against the Indemnitees in any manner relating or arising out of:

- (i) the Developer's failure to comply with any of the terms, covenants and conditions contained within this Agreement; or
- (ii) the Developer's or any contractor's failure to pay General Contractors, subcontractors or materialmen in connection with the TIF-Eligible Improvements or any other Project improvement; or

25

- (iii) the existence of any material misrepresentation or omission in this Agreement, any offering memorandum or information statement or the Redevelopment Plan or any other document related to this Agreement that is the result of information supplied or omitted by the Developer or any Affiliate Developer or any agents, employees, contractors or persons acting under the control or at the request of the Developer or any Affiliate of Developer; or
- (iv) the Developer's failure to cure any misrepresentation in this Agreement or any other agreement relating hereto;

provided, however, that Developer shall have no obligation to an Indemnitee arising from the wanton or willful misconduct of that Indemnitee. To the extent that the preceding sentence may be unenforceable because it is violative of any law or public policy, Developer shall contribute the maximum portion that it is permitted to pay and satisfy under the applicable law, to the payment and satisfaction of all indemnified liabilities incurred by the Indemnitees or any of them. The provisions of the undertakings and indemnification set out in this Article XII shall survive the termination of this Agreement.

ARTICLE XIII MAINTAINING RECORDS/RIGHT TO INSPECT

- 13.01 Books and Records. The Developer shall keep and maintain separate, complete, accurate and detailed books and records necessary to reflect and fully disclose the total actual cost of the Project and the disposition of all funds from whatever source allocated thereto, and to monitor the Project. All such books, records and other documents, including but not limited to the Developer's loan statements, if any, General Contractors' and contractors' sworn statements, general contracts, subcontracts, purchase orders, waivers of lien, paid receipts and invoices, shall be available at the offices of the Developer's Agent for inspection, copying, audit and examination by an authorized representative of the City, at the City's expense. The Developer shall incorporate this right to inspect, copy, audit and examine all books and records into all contracts entered into by the Developer with respect to the Project.
- 13.02 Inspection Rights. Upon three (3) business days' notice, any authorized representative of the City has access to the Project and the Property during normal business hours for the Term of the Agreement to confirm compliance herewith.

ARTICLEX IV DEFAULT AND REMEDIES

14.01 Events of Default. The occurrence of any one or more of the following events, shall constitute an "Event of Default" by the Developer hereunder:

- (a) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement or any related agreement;
- (b) the failure of the Developer to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under any other agreement with any person or entity if such failure may have a material adverse effect on the Developer's ability to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Developer under this Agreement;

- (e) the commencement of any proceedings in bankruptcy by or against the Developer or for the liquidation or reorganization of the Developer, or alleging that the Developer is insolvent or unable to pay its debts as they mature, or for the readjustment or arrangement of the Developer's debts, whether under the United States Bankruptcy Code or under any other state or federal law, now or hereafter existing for the relief of debtors, or the commencement of any analogous statutory or non-statutory proceedings involving the Developer; <u>provided</u>, <u>however</u>, that if such commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such proceedings are not dismissed within sixty (60) days after the commencement of such proceedings;
- (f) the appointment of a receiver or trustee for the Developer, for any substantial part of the Developer's assets or the institution of any proceedings for the dissolution, or the full or partial liquidation, or the merger or consolidation, of the Developer; provided, however, that if such appointment or commencement of proceedings is involuntary, such action shall not constitute an Event of Default unless such appointment is not revoked or such proceedings are not dismissed within sixty (60) days after the commencement thereof;
- (g) the entry of any judgment or order against the Developer or the Property in excess of \$100,000 which remains unsatisfied or undischarged and in effect for sixty (60) days after such entry without a stay of enforcement or execution;

For purposes of this **Section 14.01(i)**, a person with a material interest in the Developer shall be one owning in excess of ten (10%) of the Developer's membership interests;

- (m) a violation of the Minimum Occupancy Requirement set forth in Section 8.17; or
 - (n) a failure to observe the provisions of Section 8.18 regarding lease review.
- **14.02 Remedies.** Upon the occurrence of an Event of Default the City may exercise any one or more of the following remedies:
 - (a) terminate this Agreement;
 - (b) suspend or cancel disbursement of City Funds;
- (c) in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including injunctive relief. Provided, however, in no event shall the City be entitled to claim or make recovery for consequential, punitive or special damages and the Developer also waives all claims for any consequential, punitive and special damages;
- (d) complete those TIF funded improvements that are public improvements, if any, and to pay for such improvements (including interest costs) out of City Funds available pursuant to **Section 4.01** and the Developer shall reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF funded improvements in excess of the available City Funds.

In the event the Developer shall fail to perform a non-monetary covenant which the Developer is required to perform under this Agreement, an Event of Default shall not be deemed to have occurred unless the Developer has failed to cure such default within thirty (30) days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with respect to those non-monetary defaults which are not capable of being cured within such thirty (30) day period, the Developer shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

ARTICLE XV MORTGAGING OF THE PROJECT

All mortgages or deeds of trust in place as of the date hereof with respect to the Property or any portion thereof are listed on **Exhibit E** hereto (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "**Existing Mortgages**."

Any New Mortgage that the Developer may hereafter elect to execute and record or permit to be recorded against the Property or any portion thereof with the prior written consent of the City is referred to herein as a "**Permitted Mortgage**."

It is hereby agreed by and between the City and the Developer as follows:

(a) If a mortgagee or any other party shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under a mortgage to which the City has not consented, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 17.15 hereof, the City may, but shall not be obligated to, attorn to and recognize such party as the successor in interest to the Developer under this Agreement and, unless so recognized by the City as the successor in interest, such party shall be entitled to no rights or benefits under this Agreement, but such party shall be bound by those provisions of this Agreement that are covenants expressly running with the land.

- (b) If any mortgagee shall succeed to the Developer's interest in the Property or any portion thereof pursuant to the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of the Developer's interest hereunder in accordance with Section 17.15 hereof, the City hereby agrees to attorn to and recognize such party as the successor in interest to the Developer for all purposes under this Agreement so long as such party accepts all of the obligations and liabilities of the Developer hereunder; provided, however, that, notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of the Developer's interest under this Agreement, such party has no liability under this Agreement for any Event of Default of the Developer which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, in which case the Developer shall be solely responsible. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of the Developer's interest hereunder, such party shall be entitled to no rights and benefits under this Agreement, and such party shall be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land.

OPINION OF DEVELOPER'S COUNSEL

___, 2014

City of Berwyn Office of the Mayor 6700 26th Street Berwyn, Illinois 60654

Polsky & Associates, Ltd. 205 N. Michigan Ave 42nd Floor Chicago, IL 60402

Ladies and Gentlemen:

We have acted as counsel to CERMAK PLAZA ASSOCIATES, LLC, a Delaware limited liability company (the "Developer"), in connection with the renovation of the Cermak Plaza shopping center located in the Harlem Redevelopment Project Area (the "Project"). In that capacity, we have examined, among other things, the following agreements, instruments and documents of even date herewith, hereinafter referred to as the "Documents":

- (a) Cermak Plaza Redevelopment Agreement (the "Agreement") of even date herewith, executed by the Developer and the City of Berwyn, Cook County, Illinois (the "City");
- (b) [insert other documents including documents related to the financing of the Property and all lender financing related to the Project]; and
- (c) all other agreements, instruments and documents executed in connection with the foregoing.

In addition to the foregoing, we have examined

- (a) the original or certified, conformed or photostatic copies of the Developer's (i) Articles of Organization, as amended to date, (ii) qualification to do business and certificate of good standing in Illinois (iii) Operating Agreement, as amended to date, and (iv) records of all proceedings of the members of the Developer relating to the Project; and
- (b) such other documents, records and legal matters as we have deemed necessary or relevant for purposes of issuing the opinions hereinafter expressed.

In all such examinations, we have assumed the genuineness of all signatures (other

than those of the Developer), the authenticity of documents submitted to us as originals and conformity to the originals of all documents submitted to us as certified, conformed or photostatic copies.

Based on the foregoing, it is our opinion that:

- 1. The Developer is a limited liability company duly organized, validly existing and in good standing under the laws of its state of organization, has full power and authority to own and lease its properties and to carry on its business as presently conducted, and is in good standing and duly qualified to do business as a foreign entity under the laws of Illinois.
- 2. The Developer has full right, power and authority to execute and deliver the Documents to which it is a party and to perform its obligations thereunder. Such execution, delivery and performance will not conflict with, or result in a breach of, the Developer's Articles of Organization or Operating Agreement or result in a breach or other violation of any of the terms, conditions or provisions of any law or regulation, order, writ, injunction or decree of any court, government or regulatory authority, or, to the best of our knowledge after diligent inquiry, any of the terms, conditions or provisions of any agreement, instrument or document to which the Developer is a party or by which the Developer or its properties is bound.
- 3. The execution and delivery of each Document and the performance of the transactions contemplated thereby have been duly authorized and approved by all requisite action on the part of the Developer.
- 4. Each of the Documents to which the Developer is a party has been duly executed and delivered by a duly authorized officer of the Developer, and each such Document constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms, except as limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally
- 5. No judgments are outstanding against the Developer, nor is there now pending or threatened, any litigation, contested claim or governmental proceeding by or against the Developer or affecting the Developer or its property, or seeking to restrain or enjoin the performance by the Developer of the Agreement or the transactions contemplated by the Agreement, or contesting the validity thereof.
- 6. There is no default by the Developer or any other party under any material contract, lease, agreement, instrument or commitment to which the Developer is a party or by which it or its properties is bound.
- 7. All of the assets of the Developer are free and clear of mortgages, liens, pledges, security interests and encumbrances except for those specifically set forth in the Documents.
- 8. The execution, delivery and performance of the Documents by the Developer have not and will not require the consent of any person or the giving of notice to, any exemption by, any registration, declaration or filing with or any taking of any other actions in respect of, any person, including without limitation any court, government or regulatory authority.

9. A federal or state court sitting in the State of Illinois and applying the choice of law provisions of the State of Illinois would enforce the choice of law contained in the Documents and apply the law of the State of Illinois to the transactions evidenced thereby.

We are attorneys admitted to practice in the State of Illinois and we express no opinion as to any laws other than federal laws of the United States of America, the laws of the State of Illinois and the laws of the State of Delaware.

This opinion is issued at the Developer's request for the benefit of the City and its counsel, and may not be disclosed to or relied upon by any other person.

Very truly yours,

Re: Request for Variation – Use of Property in A-1 Single-Family Zoning District as Private Parking Area – 1212 S. Oak Park Avenue

Mayor Lovero and Members of the City Council:

Attached for your consideration are Findings of Fact from the Zoning Board of Appeals relative to a request for a Variation filed by Petitioner J & P Properties, LLC (Buona Beef), as well as an Ordinance approving the requested Variation. The Petitioner seeks a Variation from the list of permitted uses set forth in Section 1248.01 of the Zoning Code of the City of Berwyn ("Zoning Code") in order to allow a private parking area for Buona Beef employees to be located on a property zoned for residential use in the A-1 Single-Family Zoning district at 1212 S. Oak Park Avenue. The Property currently has an old storage building on it, which is in disrepair and which is planned to be demolished. The Property lies in a residential area immediately south of the alley behind the commercially zoned areas on Roosevelt Road. Private parking areas are not permitted uses in an A-1 Single-Family Zoning District, and Petitioner is therefore seeking a Variation from the list of permitted uses in Section 1248.01 in order to allow parking on the site. If approved, the Property will serve as an employee parking lot up to seventeen (17) Buona Beef employees, who, according to Petitioner, might otherwise park on nearby streets.

Attached to the Findings of Fact are Exhibits from the Public Hearing, as well as the ZBA packet materials.

The recommendation of the ZBA in this matter was to APPROVE the request for a Variation on a vote of 7-0.

Respectfully,

Lance C. Malina

Executive Secretary,

Berwyn Zoning Board of Appeals

CITY OF BERWYN

FINDINGS OF FACT (ATTACHED)

FINDINGS OF FACT AND RECOMMENDATION OF THE CITY OF BERWYN ZONING BOARD OF APPEALS TO THE MAYOR AND CITY COUNCIL

July 15, 2014

APPLICATION: For a Variation from the list of permitted uses set forth

in Section 1248.01 of the Zoning Code of the City of Berwyn in order to allow a private parking area to be located on a property zoned for residential use in the A-1 Single-Family Zoning District at the address commonly known as 1212 S. Oak Park Avenue, Berwyn,

Illinois.

PETITIONER: J & P Properties, LLC (Buona Beef)

PROPERTY: 1212 S. Oak Park Avenue, Berwyn, Illinois (the

"Property")

SUMMARY OF REQUEST AND RECOMMENDATION: The City of Berwyn has received a request from Petitioner J & P Properties, LLC ("Petitioner") for a variation from the list of permitted uses set forth in Section 1248.01 of the Zoning Code of the City of Berwyn ("Zoning Code") in order to allow a private parking area for employees to be located on a property zoned for residential use in the A-1 Single-Family Zoning district at 1212 S. Oak Park Avenue. The Property lies in a residential area immediately south of the alley behind the commercially zoned areas on Roosevelt Road and west of Oak Park Avenue. Private parking areas are not permitted uses in an A-1 Single-Family Zoning District, and Petitioner is therefore seeking a variation from the list of permitted uses in Section 1248.01 in order to allow parking on the site. If approved, the Property will serve as a parking lot for Buona Beef employees.

Following a public hearing held on April 16, 2013, the Zoning Board of Appeals of the City of Berwyn ("ZBA") recommended approval of the requested variation on a vote of 7-0.

BACKGROUND: The Property was purchased by Petitioner in 2000. It had an existing storage structure on it, and has traditionally been used by Petitioner for storage purposes. Petitioner is no longer using the building for storage based on its assessment that the building is unsafe, due to splaying in the old barrel roof. Petitioner believes that the building should be demolished and that the best use of the Property going forward is as a parking lot for employees, which will serve to get vehicles off of the nearby streets. Petitioner filed an application seeking a variation from the list of permitted uses of property in a single-family zoning district to allow the proposed parking lot use at the Property.

If the variation is approved, the Property will be paved and striped for approximately seventeen employee parking spaces.

PUBLIC HEARING: At the public hearing on Petitioner's variation request held on July 15, 2014, John lovinelli, a representative of Petitioner described the need for the variation. He noted that parking is at a premium in the area, and employees of Buona Beef's catering operation and other personnel are often forced to park on the street. Conversion of the Property to a parking use would help to relieve the nearby streets of some of the parking congestion. Buona anticipates using the lot only for employee parking, as the location is not convenient for customers.

Petitioner's representative noted that the adjacent home to the south has a large side yard that can act as a buffer. He has had no recent conversations with the neighbor to the south since informal discussions concerning a possible purchase of the Property several years ago.

The lot will be either concrete or asphalt. There is a sewer in the existing building, but it is unclear where the line goes. Petitioner plans to tap into the City sewer line for drainage purposes. Petitioner is ready to proceed with demolition at this time.

While the north end of the Property will be open, there will be partial fences on the east side and the west side and a privacy fence on the south side. There is little parkway to work with in terms of green space.

At the public hearing, Alderman Paul noted that while she was not opposed to Petitioner's proposed plan, she would like Petitioner to consider permeable pavement on the lot or stormwater retention at the site, in order to address the impact of the parking use on stormwater drainage. Installation of a rain garden instead of a fence was another suggestion. Permeable paver options were discussed and Petitioner's representative assured Alderman Paul and the Zoning Board that these options would be investigated.

The Property is approximately 6,850 square feet. The lot is approximately 50' wide by 137' long.

Exhibits marked during the course of the Public Hearing included: **Exhibit 1**, the published legal notice regarding the public hearing, and accompanying Certification of Publication. The Executive Secretary noted for the record that notice of the public hearing had been published on June 29, 2014, in accordance with the Zoning Code. **Exhibit 2** consisted of the full application for the relief sought by Petitioner.

There being no further questions or members of the public wishing to speak on the application, the Public Hearing was closed.

The Area Investigator appointed in this matter was ZBA member Donald Miller. Mr. Miller discussed his investigation and submitted a letter report summarizing his

332150_1 2

investigation. He met with John Lovinelli from Petitioner on July 9. Mr. Miller concluded that providing additional parking for Petitioner is a net benefit, and recommends approval of the variation request.

The other members of the ZBA each then in turn expressed their views on the proposed variation and use.

The ZBA recommended that the City Council approve the requested variation by a vote of 7-0.

FINDINGS: The ZBA makes the following Findings as to the proposed Variation:

- (A) Because of the particular physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of the Zoning Code were carried out. The members of the ZBA felt that this standard had been met.
- (B) The conditions upon which an application for a variation is based are unique to the property for which the variance is sought and are not applicable, generally, to other property within the same zoning classification. The members of the ZBA felt the proximity of the lot to the Petitioner's business operations, and its location adjacent to the alley, among other factors, made this a unique application.
- (C) The purpose of the variation is not based primarily upon a desire to increase financial gain. Members of the ZBA felt that the primary reason for the variation was to provide parking options for employees, rather than financial gain.
- (D) The alleged difficulty or hardship is caused by the Zoning Code, and has not been created by any persons presently having an interest in the Property. The members of the ZBA felt that this standard had been met.
- (E) The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located. The members of the ZBA found that the parking improvements will help address the parking deficiencies for Petitioner's business operations and will improve parking in the neighborhood.
- (F) The granting of the variation will not alter the essential character of the neighborhood. The proposed lot will be screened from the adjacent residence by a security fence and the large side yard of the adjacent residence, and will otherwise benefit the area by improving street parking.
- (G) The proposed variation will not impair an adequate supply of light and air to adjacent property, substantially increase the congestion of the public streets, increase the danger of fire, impair natural drainage, create drainage problems on adjacent properties, endanger the public safety or substantially diminish or impair property values within the neighborhood. The variation will provide a net benefit to the neighborhood by improving street parking and through removal of an aged and unsafe building.

332150_1

RECOMMENDATIONS: Based upon the foregoing Findings, the ZBA, by a vote of 7-0 recommends to the Mayor and City Council that the request of Petitioner J & P Properties, LLC for a variation from the list of permitted uses set forth in Section 1248.01 of the Zoning Code of the City of Berwyn ("Zoning Code") in order to allow a private parking area to be located on a property zoned for residential use in the A-1 Single-Family Zoning district at 1212 S. Re: Restrictions on Harlem TIF District Appropriations to Provide for Storm Water Detention

Ladies and Gentlemen:

A one inch rainfall landing on 200 square feet of impervious material such as a roof or pavement of concrete or asphalt will result in a storm water runoff of 121.7 gallons of water. A one inch rain falling on a small parking lot of approximately 6,850 square feet (capable of holding 16 cars) results in 4,168 gallons of storm water runoff.

Many Berwyn residents experienced sewer backup and water seepage into their basements resulting from the 2.82 inches of rain that fell on June 30, 2014. That same rain fall amount falling on a small parking lot described above resulted in 11,754 gallons of storm water rushing directly into our sewers.

How many of those small parking lots would fit into parking lots in the Harlem TIF District area?

The Harlem TIF District was established on July 26, 2011. To create the Harlem TIF under state law, the City of Berwyn relied on the findings of a TIF Qualification Report prepared by Kane, McKenna and Associates, Inc. Their report concluded that the proposed Harlem redevelopment area could meet six crucial criteria required by state statute to qualify under the TIF Act. This report was made a part of the Redevelopment Plan for the Harlem TIF District as required by state statute.

One of those crucial six criteria cited was "Inadequate Utilities". The report specifically stated that the City's "...combined sewers along Harlem Avenue and Cermak Road are approximately 90 years old and are quickly approaching their life expectancy." The report went on to state that the sewers were made of obsolete material. The report further stated:

"In addition, the City Engineer reports that combined sewer lines have either broken, collapsed, or have been infiltrated by tree roots or other debris, causing an interruption of flow, street pavement failures, and sewer back-up — even without necessarily being triggered by significant rainfall."

The supporting document used by the City to justify the establishment of the Harlem TIF District went further, stressing the lack of storm water detention as a contributing factor for the area's blight condition. Specifically, the report emphasized the following:

- "Storm water detention capacity is inadequate in relation to modern storm water standards of the Metropolitan Water Reclamation District."
- "The City Engineer indicates that redevelopment of the area would require underground or above ground facilities."
- "Since the area is primarily commercial, a range of underground facilities would be desirable."
- "The City Engineer reports that "Although underground detention is more expensive, it allows the use of the land at the surface for parking and other limited uses.""
- The City Engineer was quoted in the report advising: "Therefore, these improvements [should] included construction of underground storm water detention systems complete with underground piping, flood control structures, and discharge piping."
- "... a separate facilities study by Morton West High School's architectural consultants indicates certain infrastructure problems..... Additionally, the aforementioned storm water/combined sewer deficiencies of the City result in "backflows into the basement of the school"

These findings of great need for storm water detention and sewer upgrades to meet modern storm water standards and prevent flooding of our neighborhood and high school were key factors in meeting the very criteria to establish the Harlem TIF District.

The City of Berwyn set forth an estimated budget for potential Harlem TIF District improvements. The City reported a total estimated TIF budget of \$80,000,000. The City put forth that an estimated \$20,000,000 (one quarter of the budgeted amount) would be used for "Utility Improvements (Including Water, Storm, Sanitary Sewer, Service of Public Facilities and Road Improvements)". This was the single largest line in the proposed estimated budget.

Clearly, the City of Berwyn recognizes the need of storm water detention and sewer improvements in the Harlem TIF District. The City placed great importance in improving its deteriorating inadequate utilities emphasizing the detrimental effect the current conditions have on the Harlem TIF District area itself, the surrounding residential community, our students attending Morton West High School and the City of Berwyn economy. Therefore, the City must make sure that a certain portion of any TIF funds awarded to projects in the Harlem TIF District go to alleviating the blight conditions caused by the lack of storm water detention and our inadequate outdated sewer system.

Since most TIF funded projects tend to be awarded to private venture and private property owners, and since the largest areas of the Harlem TIF are privately held or held by another governmental authority, the majority of funding requests will be for improvements on property not owned by the City of Berwyn. Berwyn residents have experienced increased frequency of severe rain storms over the last several years. We collectively have a shared desire to protect our drinking water and water recreational areas. For these reasons, it would be in the best interests of the residents of Berwyn to require applicants seeking the use of Berwyn taxpayer money through the Harlem TIF Fund to require and encourage projects specifically designed to meet residents' needs as well as those of the private business owner.

Therefore, to meet the commercial redevelopment needs of the area and also meet the safety, health, and welfare needs of the citizens of Berwyn, I move that the City Council require that a portion of all Harlem TIF District funds awarded to development projects be restricted in the following way:

- A minimum of one fourth (1/4) of all Harlem TIF funds awarded to any redevelopment project be set aside for storm water detention,
- The TIF fund applicant must detail their storm water detention plan with project plans submitted to the City and Berwyn Development Corporation for consideration when applying,
- The City of Berwyn Building Department and the Department of Public Works will approve the storm water detention plan and advise the City Council of the approximate amount of storm water detained by the project,
- That the Director of Public Works will submit a report, to be incorporated into and made a part
 of any TIF fund application for any of the City of Berwyn TIF Districts presented to the City
 Council for appropriation consideration, detailing the approximate storm water discharge by the
 property (using the scale of 1 inch per square foot),
- That the City Council may restrict portions of any TIF District funds awarded to storm water detention plans, and
- That these requirements go into immediate effect.

In 1976, Section 242.08 (B) of the City of Berwyn Code of Ordinances established that the City Council has the ultimate authority and, therefore, the ultimate responsibility to retain and remove all municipal employees. That section reads as follows:

§ 242.08 APPOINTMENT AND DISCHARGE OF EMPLOYEES.

(B) Council has the authority to retain and remove all municipal employees. All delegations heretofore made to municipal officers from Council's authority to retain and remove municipal employees are nonexclusive delegations, shall be continued in the form heretofore made and are expressly declared to be subject and subordinate to Council's reserved authority to retain and remove any and all municipal employees.

(Ord. passed 4-12-1976)

To fulfill our duty under this section, it is necessary that members of the City Council know who is employed by the City of Berwyn at any given time.

Therefore, I move that the City Council add additional language to Section 242.08 (B), Section 222.03 and all other necessary sections of the City of Berwyn Code of Ordinances in order to provide City Council members, the Mayor and City Department heads a roster containing the name and photograph along with the department, and position held for each employee of the City of Berwyn. For this purpose, the term "Employee" shall include all elected officials, all mayoral appointees, all persons sitting on City of Berwyn Boards and Commissions, all persons hired by the City of Berwyn including but not limited to interns and persons hired for summer or temporary work and those persons receiving any wages or stipends paid by the City of Berwyn.

Re: Revisions to section 484.05 Reservation of Street Parking for Persons with Disabilities

During the April Parking and Traffic Committee meeting, staff had advised the committee that residents were not submitting their handicapped parking renewals in a timely fashion. Two rounds of notices are sent out and if a resident does not renew after those notices are sent, the handicapped parking signs are removed. Staff has reinstalled signs after a resident renewed once the signs were removed. The committee had a discussion on how to encourage residents to renew their handicapped parking space in the allotted time period. The suggestion agreed upon by committee members was to institute a fee of \$55 to reinstall the signs.

Recommendation:

Staff recommends that the attached ordinance is approved to include a fee to re-install handicapped parking signs after removal due to failure to renew.

RE:

NSP Resolution

Dear Mayor Lovero and Council Members:

Included in this correspondence is a Resolution approving a Memorandum of Application of Program Income with the Illinois Housing Development Authority (IHDA). The agreement is an amendment to prior agreements between the City and IHDA. As you will recall, the last agreement with IHDA in 2012, increased Berwyn's NSP allocation to \$4,725,000 for the purchase, rehab and resale of foreclosed homes in Berwyn.

This is the final agreement between Berwyn and IHDA for the rehabilitation and resale of homes previously purchased by Berwyn under the NSP Program. It was always anticipated IHDA would allocate additional funds to Berwyn to complete the final homes, we simply had to wait for IHDA to generate the program income. This final allocation is for \$830,000, and is sufficient to complete construction.

If you have any questions regarding this resolution or the IHDA grant, please feel free to contact me directly. Thank you for your consideration of this matter.

- B. The State of Illinois State Consolidated Plan Substantial Amendment to the 2008 Action Plan for the Neighborhood Stabilization Program was filed on January 30, 2009 (the "NSP Program Plan") by the Department of Human Services ("DHS") with the Department of Housing and Urban Development ("HUD") and thereafter DHS filed a Substantial Amendment to the NSP Program Plan on December 8, 2009 to allow the transfer of the NSP Program Plan to the Authority (the "Substantial Amendment").
- C. The Subgrantee is a "Subrecipient" as defined in 24 CFR 570.500(c) and the Subgrantee has been awarded a portion of the NSP Funds in the amount of Three Million Nine Hundred Twenty-Five Thousand and No/100 Dollars (\$3,925,000.00) (the "Subgrantee Allocation"), in the form of a grant, as evidenced by and pursuant to that certain Neighborhood Stabilization Program Agreement between the Authority and the Subgrantee dated April 12, 2010 and amended by that certain First Amendment to Neighborhood Stabilization Program Agreement dated as of August 30, 2010 (collectively, the "NSP Agreement") whereby the Subgrantee agreed to use the Subgrantee Allocation in connection with the certain activities to benefit Low, Moderate and Middle Income Persons as set forth in 24 CFR 570, as supplemented by the October 2008 Notice, the June 2009 Notice and the April 9, 2010 Notice, and as further

amended, supplemented or revised from time to time (the "National Objective") and other uses of NSP Funds permitted under the NSP Laws, including, without limitation, (i) the establishment of financing mechanisms to purchase and redevelop Foreclosed upon homes and residential properties, including such mechanisms as so-called "soft" second priority mortgage loans, loan loss reserves, and shared-equity loans for Low and Moderate Income homebuyers; (ii) the purchase and rehabilitation of homes and residential properties that have been Abandoned or Foreclosed upon, in order to sell, rent or redevelop such homes and properties; (iii) the establishment of "land banks" for homes that have been foreclosed upon; (iv) the demolition of blighted structures; and/or (v) the redevelopment of demolished or vacant properties (each an "Eligible Use", and collectively, the "Eligible Uses").

- D. Subgrantee understands that all activities utilizing the NSP Funds must meet certain conditions set forth in the NSP Laws including, without limitation, the National Objective and that the NSP Funds awarded are to be used with respect to individuals and families whose incomes do not exceed 120% of area median income and, pursuant to the requirements of Section 2301(f)(3)(A)(ii) of HERA, that not less than 25% of the NSP Funds allocated to the Authority are to be used for the purchase and redevelopment of Abandoned or Foreclosed homes or residential properties that will be used to house individuals or families whose income does not exceed 50% of area median income.
- E. - F. The Authority, pursuant to Resolution No. 2012-IHDA-049Q adopted on April 18, 2012, received authorization from its Board to reallocate NSP Funds to the Subgrantee as an existing subgrantee of the Authority whereby the Subgrantee is to receive an additional Eight Hundred Thousand and No/100 Dollars (\$800,000.00) of NSP Funds ("Reallocation") which Reallocation was based upon the Authority's review of the project plans of the Subgrantee and was also based upon the Subgrantee's demonstrated capacity to implement its project plans in order to meet the federal NSP production, and expenditure timelines.
- G. The purpose of this Second Amendment is to document the Reallocation to the Subgrantee, to address issues related to program income and to revise certain exhibits to the NSP Agreement.
- H. Subgrantee expressly acknowledges and agrees that this Second Amendment is a legal, valid and binding obligation of Subgrantee enforceable against Subgrantee by the Authority in accordance with its terms. In addition, the Authority and the Subgrantee mutually agree that the execution of this Second Amendment with the completed exhibits that are attached hereto and incorporated herein secures certain performance covenants, contractually requires

compliance by the Subgrantee with the NSP Laws, and requires that the Subgrantee achieve the affordable housing objectives of the Neighborhood Stabilization Program.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. INCORPORATION OF RECITALS AND EXHIBITS; DEFINED TERMS

The recitals set forth above, together with the information set forth in the Exhibits attached hereto, constitute an integral part of this Second Amendment and are incorporated herein by this reference with the same force and effect as if set forth herein as agreements of the parties. Terms not otherwise defined herein shall have the meanings ascribed to the same in the NSP Agreement.

2. REVISED SUBGRANTEE ALLOCATION.

The Subgrantee Allocation in the original NSP Agreement is hereby revised to be a total of Four Million Seven Hundred Twenty-Five Thousand and No/100 Dollars (\$4,725,000.00) which is comprised of the original NSP Allocation and the reallocation per the First Amendment for a total grant in the amount of Three Million Nine Hundred Twenty-Five Thousand and No/100 Dollars (\$3,925,000.00) plus the Reallocation in the amount of Eight Hundred Thousand and No/100 Dollars (\$800,000.00) of NSP Funds. All references to the term "Subgrantee Allocation" set forth in the NSP Agreement are hereby amended to mean the Subgrantee Allocation as increased by the Reallocation per the terms of this Second Amendment. Any references hereafter in this Second Amendment to the term "Subgrantee Allocation" shall mean the Subgrantee Allocation as increased by the Reallocation. If Program Income applied to the Subgrantee as provided herein results in a change to any of the Exhibits, such change may be documented in the Program Income Memorandum without the need to otherwise amend the NSP Agreement and/or the Exhibits. The Sübgrantee and the Authority understand that the Budget attached to the NSP Agreement and to this Second Amendment was and is only a preliminary budget which may be revised, if necessary, in a form and content prescribed by the Authority, with more detail and with specific information as to the use of the Subgrantee Allocation when the same becomes available to the Subgrantee and as may be required by the Authority.

Re: Request to approve the purchase of two 2014 Ford Escapes to replace 2000 Ford Taurus

Vehicles currently assigned to the Building Department.

Staff is requesting replacement of two 2000 Ford Taurus vehicles from the Building Department with two 2014 Ford Escape front wheel drive vehicles from the Northwest Municipal Conference - a joint municipal purchasing consortium. The above mentioned Ford Taurus's are becoming more costly to maintain. One of the units scheduled to be retired has had almost \$1000 in repairs since in 2014 and currently has an electrical problem somewhere in the steering column or wiring under the hood that can't be easily located. The other has also had several repairs this calendar year.

The most cost effective replacement is to purchase a Ford Escape through the Northwest Municipal Conference. These vehicles are outfitted specifically for municipal use. The cost for the Escape is a base price of \$18,577, with the addition of protective floor mats, back up camera and title, the final price is \$19,121 for each unit. These units are budgeted in the Building Department budget, line item100-24-5800.

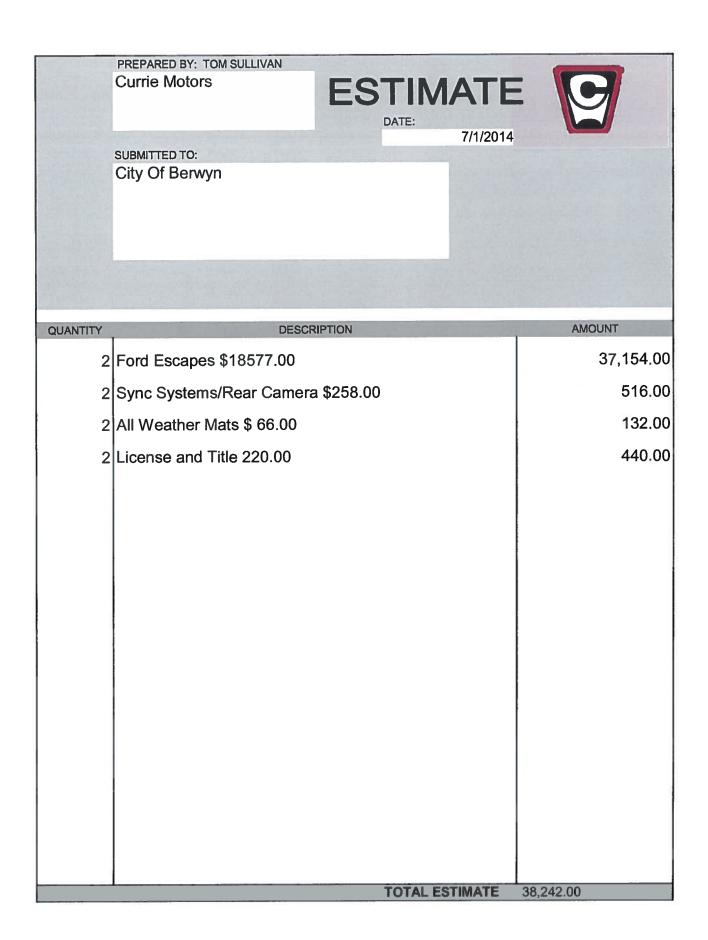

Recommended Actions:

Approve the purchase of two 2014 Ford Escape from the Northwest Municipal Conference in the amount of \$38,242.

Mr. Thomas Pavlik The City of Berwyn 6700 West 26th Street Berwyn, IL 60402

Dear Mr. Pavlik:

Once again we are asking permission from the City Council to block off Clinton Avenue/Kaufman Avenue from Roosevelt to our Veteran's monument at the end of the cul-de-sac on Saturday, August 2, 2014. The reason for the closure is for our annual picnic. The hours we are requesting for the closure are from 8:00 a.m. to 8:00 p.m.

Thank you and God Bless America.

Sincerely,

Al Jason

Commander of Post 256

To Whom It May Concern;

I would like to request permission to distribute flyers and information concerning the new grading policy that was recently implemented at District 201. The information will be given to parents and students as they come to Morton West to register for their classes. There will be fewer than five people distributing flyers at any one time. We will stay on the public sidewalk on the west side of Home Avenue outside Morton West HS. We are not selling anything or profiting in any way. We simply want to make parents and students aware of the significant problems with the grading policy at Morton HS. In addition, our flyers will promote upcoming community meetings designed to help students better understand the district's grading policies. I anticipate that the dissemination of flyers will be peaceful and will take place without disrupting registration.

Times and dates are as follows:

August 7, 2014	12:30-6:30pm

If you have any questions or concerns, please feel free to contact me: 708-788-1445

Big Guys Sausage Stand would like to block off the cul-de-sak at Wenonah Ave and Roosevelt Rd, on Saturday August 9th. This would allow more space for Big Guys to celebrate their 2 year anniversary. The only other business effected by the street closing would be the 12th Street Rag who is participating in the event. The event will have kid's games, live music, contests and we will project a movie on the east wall of Big Guys. The event is scheduled from 2pm-midnight.

Furthermore Big Guys would like to request a 1-Day Liquor License for this event. Big Guys has TIPS certified bartenders trained for the event. The event is sponsored by Deep Eddy Vodka. We would like to sell Lemon Vodka Shake-ups, and we would like to have a couple barrels of beer for sale as well. Burke Beverage would provide the beer. Last year the 12th Street Rag supplied all of the alcohol sales without incident. This year to absorb some of our costs we are hoping that we can also sell beer and alcohol for the event. We will have a TIPS certified bartender providing "over 21" wristbands, and anyone serving alcohol will be TIPS certified.

Thank you for your time & consideration-

RE: 3rd Annual Taste of Main Street event, August 28, 2014 & sidewalk sale.

Dear Mayor and Members of the City Council,

The BMS Promotions Committee (PR) has taken on the task of promoting Cermak Road through various events. Each event that is hosted has been sponsored by the participating businesses along Cermak Road, allowing us to showcase Cermak Road and the city of Berwyn to the event spectators. In January the BMS board of directors approved the work-plan for 2014, which included the third annual Taste of Main Street restaurant crawl. BMS is excited to bring this opportunity to all the restaurants willing to participate as well as local bakeries, ice cream shops and bars. The PR committee has set a goal of having at least fifteen business participants.

The event will begin at 5:00pm and end at 9:00pm, followed by an after party at Wagner's Lounge, who will have a live band playing from 8:00pm until midnight.

BMS will work with all participating businesses to insure proper insurance requirements are met.

In conjunction with the Taste of Main Street event, BMS would like to host a sidewalk sale for all the businesses along the corridor. The businesses will be invited to participate during the Taste of Main Street event. BMS will work with all the businesses that choose to participate, to insure that all insurance requirements are met.

The promotions committee is asking for the City of Berwyn's cooperation by providing the following service(s) on August 28, 2014:

Police presence along Cermak Road. (A detailed list of all participating locations will be provided to the BPD two weeks prior to event).

We look forward to continuing our revitalization along Cermak Rd. and working with the City of Berwyn.

To Whom It May Concern:

Violet Flower Shop is a family owned and operated business servicing our community for over 35 years. We are hosting our Annual Flowers for Hope Fundraiser event at our shop on Saturday, September 27, 2014 in which all proceeds from raffles, candy sale, and split-the-pot, along with our food & beverage sales will be donated to this cause.

We are hosting this event because we all know and love someone who has been touched by this disease. Some are currently battling this disease. Some are survivors. But there are also those who have fought a valiant battle and have been less fortunate. We wish to show our love and support by raising funds for awareness, prevention and the Ultimate Cure. As we enter our 5th annual Flowers for Hope, we would like to make this event a Celebration of Life.

We were very excited to reach our goal last year of over \$16,000. With your help, we are looking forward to surpassing that amount this year. Your company/service can help us by providing support in the form of a monetary donation or a donation of services or prizes for the Raffle. All proceeds from this event will be going to the Breast Cancer Research Foundation.

We hope we can count on you for your support. It is for these Warriors that we founded this event and will continue the fight until there is a cure for them.

Marlene E. Comella
