Re: TIF application – Gina’s Italian Ice, 6737 W. Roosevelt Rd.

Dear Mayor and City Council,

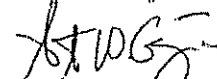

The Berwyn Development Corporation’s (BDC) Board of Directors and the Cermak/Roosevelt Road TIF committee have both agreed to recommend approval of the below specified TIF monies regarding Gina’s Italian Ice’s project costs.

TIF assistance will be applied to exterior renovations for their commercial space. The TIF scope of work includes door, window, vinyl siding replacement, and gutter work.

Based on this information, the City Council is being asked to approve TIF monies to pay only the eligible costs associated with this project up to a maximum of \$8,227. As part of our process, BDC staff will validate work performed and eligibility prior to any payments. The applicant will be required to place their share of funds in escrow to be used as first payment prior to TIF draws. Furthermore, the BDC will ensure the applicant will not receive any TIF monies prior to obtaining City permits.

With the consent of City Council, Gina’s Italian Ice can commence work on their project and contribute to the revitalization efforts taking place Roosevelt Road.

Respectfully submitted for you consideration,

Re: Berwyn Banner Program - Details of a Property Use Agreement

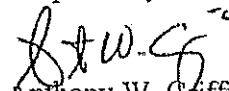

Dear Mayor and City Council Members,

The Berwyn Development Corporation (BDC) and Berwyn Main Street (BMS) are requesting use of the City's street light poles for the creation and installation of banners similar to the 2006 banner program. BMS would control the poles on Cermak Road while the BDC would control any remaining City owned poles, focusing efforts on Ogden Ave, the Depot District, and Roosevelt Road. BMS and the BDC will enter into an agreement with a third party to install and maintain the banners. The following criteria have been established and would be ensured by the BDC and BMS:

1. Banners will be 30"x72" vinyl banners.
2. Banners must be on display for one year.
3. Any damaged banner must be replaced (at no extra charge) within two weeks of notification of the damage.
4. The BDC and BMS shall control the number of banners installed and locations.
5. Old banners and hardware on the poles must be removed prior to new banners and hardware being installed.
6. The final design of the banners must be approved by City Council (included with this packet).
7. Agreement includes an option for a one-year renewable contract at the Council's discretion.
8. Agreement includes marketing banner sponsorship to local businesses only.

With the consent of City Council, the BDC and BMS can commence work on a unified banner program and contribute to the continued marketing efforts and beautification of the City of Berwyn.

Respectfully submitted for your consideration,

Anthony W. Griffin

PROPERTY USE AGREEMENT

This is an Agreement between the City of Berwyn ("City"), the Berwyn Development Corporation ("BDC") and Berwyn Main Street ("BMS") whereby the City will give the BDC and BMS the exclusive right to use certain street poles located within the City to administer banner programs.

I. SPONSORSHIPS AND USE FEES

A. The City gives the BDC and BMS the authority and the exclusive right to install and maintain banners on certain designated street poles owned by the City and the right to receive and use any revenues the BDC and BMS can generate by advertising on the banners ("Sponsorships") for whatever purpose the BDC and BMS sees fit. In consideration, the BDC and BMS will administer a banner program which will be in the best interest of the City. The locations of the street poles which are subject to this Agreement are set forth on the map attached as Exhibit A ("Properties"). BMS will have the rights to the street poles located along Cermak Road while the BDC will have rights to remaining street poles as outlined.

B. This Agreement shall expire on INSERT DATE ONE YEAR FROM EXECUTION ("Expiration Date") at which time the BDC and BMS shall remove all Banners unless otherwise agreed by the City. The BDC and BMS shall tell all Sponsors, in writing, the Expiration Date and that the banners will be removed on the Expiration Date. All relevant terms of this Agreement will apply during the removal of the banners.

C. BDC and BMS will only sell Sponsorships to businesses who maintain an office or facility physically located within the incorporated limits of the City.

D. BDC and BMS are solely responsible for their contracts with the Sponsors and Vendor and the City assumes no liability or obligation under those agreements.

E. The City has no responsibility to market the Sponsorships but may, at their sole discretion, offer the BDC and/or BMS assistance in marketing the Sponsorships. The voluntary rendering of any such assistance by the City shall not place any marketing obligations upon the City.

F. The BDC and/or BMS reserve the right to disallow the installation of any proposed banner at the BDC's and/or BMS's sole discretion.

G. The City reserves the right to audit the BDC's and/or BMS's records and invoices relating to the sale of Sponsorships for any reason upon demand. The BDC and BMS shall produce all records and invoices relating to the sale of Sponsorships within seven (7) days notice by the City.

II. BANNER SPECIFICATIONS

A. Banners will be full-color custom vinyl banners, double-sided with the following dimensions: 30"W x 72"H with a 4" rod pocket sewn at the top and bottom. The logo, text or

other information that the Sponsor wishes to put on the banner will be printed in full color on the lower 35% of the banner.

B. Banner material will be a ripstop vinyl, double layer with print on two sides.

C. There will be two grommets placed along the edges of the banners, one at the top and one at the bottom.

D. Banner bracket systems that are designed to withstand all possible weather and wind conditions will be used. The bracket system will include .75 inch fiberglass poles with a rust-resistant cast aluminum base and stainless steel mounting straps.

III. INSTALLATION AND MAINTENANCE

A. The BDC and BMS will install all bracket kits and will leave brackets up or take them down at the direction of the City.

B. The BDC and BMS will provide all necessary maintenance for the banners.

C. The BDC and BMS will not place any banner in a manner that blocks the view of any stop sign or traffic signal, adversely interferes with traffic flow, hinders the line of sight of drivers or pedestrians or creates any other dangerous situation.

D. The BDC and BMS will be responsible for the removal of all metal banding and material from the poles at the conclusion of the Agreement or at the direction of the City.

IV. GENERAL PROVISIONS

A. **Liability.** The City does not assume any cost or liability relating to the marketing, printing, installation, replacement, maintenance or removal of the banners.

B. **Renewal Option.** At the end of this contract, the BDC, BMS and City will have the option of renewing this Agreement for another similar period.

C. **Execution.** Marketing, Sponsorships, production, printing, installation, replacement, maintenance and removal of the banners are the sole responsibility of the BDC and BMS.

D. **Licensing, Bonding and Permits.** The BDC and BMS will assure the hired Vendor is fully licensed and bonded and will acquire all pertinent permits as required pursuant to applicable governmental law.

E. **Insurance.** The BDC and BMS will assure Vendor will maintain in full force and effect, at Vendor's sale cost and expense, workers' compensation insurance policy in statutory amounts and a comprehensive liability insurance policy with limits of no less than One Million Dollars (\$1,000,000) and will cause the BDC, BMS and the City to be named as additional insureds thereon. Vendor will cause the insurer under the insurance policy to include an

endorsement prohibiting the cancellation, non-renewal or material reduction in coverage thereof without thirty (30) days prior written notice to the BDC and BMS and obtain on behalf of the City either a duplicate original or certified copy of the insurance policy or declaration page evidencing the requirements of this paragraph. Said policy shall be primary to, and non-contributory with, any similar insurance placed by or on behalf of the BDC, BMS or City and shall include liability coverage that will respond to the indemnification provisions of this Agreement.

F. **Warranty.** The BDC and BMS warrant to the City that the Vendor is qualified and properly licensed to install, replace, maintain and remove the banners and that the installation, replacement, maintenance and removal of the banners will conform to the requirements of applicable governmental laws and regulations.

G. **Disclaimer.** The City does not warrant to the BDC and BMS that any of the Properties are structurally sound, safe, or free of defects. The BDC and BMS agree that the installation, replacement, maintenance and removal of the banners are entirely at the Vendor's own risk. The BDC and BMS will assure the Vendor is wholly responsible for ensuring the safety of the agents and employees who install, replace, maintain or remove the banners and Vendor is wholly responsible for any injuries to persons or property sustained as a result of the banners or their installation, replacement, maintenance or removal.

H. **Execution.** The City is relying on the BDC and BMS to assure Vendor's substantial experience in performing the installation, replacement, maintenance and removal under this Agreement. Execution of this Agreement by the BDC and BMS is a representation that the BDC and BMS will visit all Properties, become familiar with the conditions under which installation, replacement, maintenance and removal will take place, and take all necessary precautions to ensure the safety of the public, Vendor's agents and employees, and the safe and secure mounting of all banners.

I. **Default.** The occurrence of a breach hereafter described shall constitute a default ("Default") under this Agreement on the part of the BDC and BMS. A breach is made in the performance of any of the other covenants or conditions which the BDC and BMS are required to observe and to perform under this Agreement.

J. **Remedies for Default.** Upon the occurrence of a Default by the BDC and BMS, the City shall have all the remedies available at law and in equity, including, without limitation, the right to terminate this Agreement.

K. **Clean-Up.** The BDC and BMS will assure Vendor shall keep all Properties and surrounding areas free from accumulation of waste materials, rubbish and debris caused by the installation, replacement or maintenance of the banners. Throughout any installation, replacement, maintenance or removal of any banner, Vendor shall remove from and about the Property all waste materials, rubbish, debris, and other materials and leave the Property in the same condition as it was prior to the installation, replacement or maintenance. Vendor shall be solely responsible for the disposal of all debris and surplus material.

L. **Indemnification.** The BDC and BMS will assure Vendor agrees to defend, indemnify and hold the City, their legal representatives, heirs, successors and assigns harmless of, from and against any and all loss, claims, demands, losses, judgments, liabilities, damages, Liens, penalties, fees, fines, costs and expenses, including court costs and reasonable attorney's fees whether arising out of or relating to (a) Vendor's breach or default of any covenants, duties, obligations, representations or warranties under this Agreement, (b) negligence, and any other acts or omissions of Vendor, its agents and employees, (c) any injuries to person or property sustained by Vendor's employees or members of the general public in any way relating to the banners or their installation, replacement, maintenance or removal; (d) violation of or failure to comply with governmental law, (e) violation of any collective bargaining agreement or employment contract; and, (f) any lawsuit, claim, dispute or charge arising out of any Sponsorship agreement between Vendor and any Sponsor.

M. **Termination.** The City may, upon written notice to the BDC and BMS, terminate this Agreement at will.

From: City Clerk Tom Pavlik

Re: Resolution No. 062309-2 "Program Year 2010 – Tenth Year Action Plan"

Ladies and Gentlemen:

Attached you will find a revised copy of Resolution 062309-2 that was presented and adopted at the June 23, 2009 City Council meeting. Due to a miscommunication between Attorney James Healy and Robert Dwan, of CDBG, this should only have been presented to the council in June and then adopted in July. Mr. Healy has stated that this is merely a scrivener's error and has corrected the language contained within the resolution to correctly reflect the date of passage. Attached you will find the corrected version signed and attested as adopted on June 23, 2009. Please accept this matter as informational.

Respectfully,

Thomas J. Pavlik

Re: Dollars for Scholars Scholarship Recipients

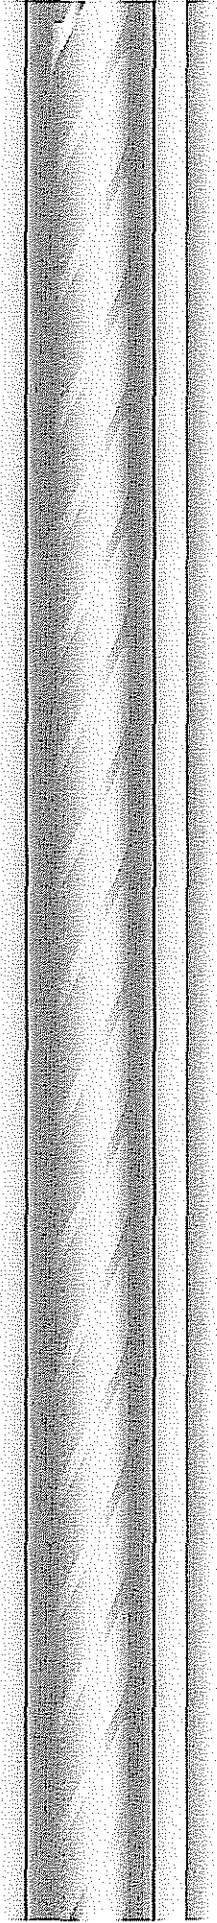

Ladies and Gentlemen,

It is with great pleasure to announce this year's recipients of the Berwyn Dollars for Scholars 2009 Fall Scholarships. Christina Mendez, a graduate of Morton West High School, who will be attending University of Illinois, Urbana. Elissa Ledvort, a Fenwick High School graduate, who will be attending Illinois Wesleyan University. Jacqueline E. Montero, a second year transfer student from Triton College and a 2008 Morton West graduate, who will be attending University of Illinois in Chicago this fall. Each will be receiving a \$500 scholarship which will be directly applied to their college tuition. These students have worked extremely hard to further their education and at the same time have shown a strong commitment to our community. On behalf of the Dollar for Scholars Committee, Joe Kroc, Jeanmarie Hajer, Jim Swicionis, Anthony Laureto and myself Tom Pavlik, Chairman, I would like to congratulate these deserving young individuals. Special thanks go out to the BDC Depot District Special Events Committee for their continued support and to the Berwyn Township Board of Trustees for their continuing support with another generous \$500 grant for this 2009 school year. Also, I would like to thank and welcome our newest sponsor Comcast for their \$400 dollars donation which will be applied to next years scholarships.

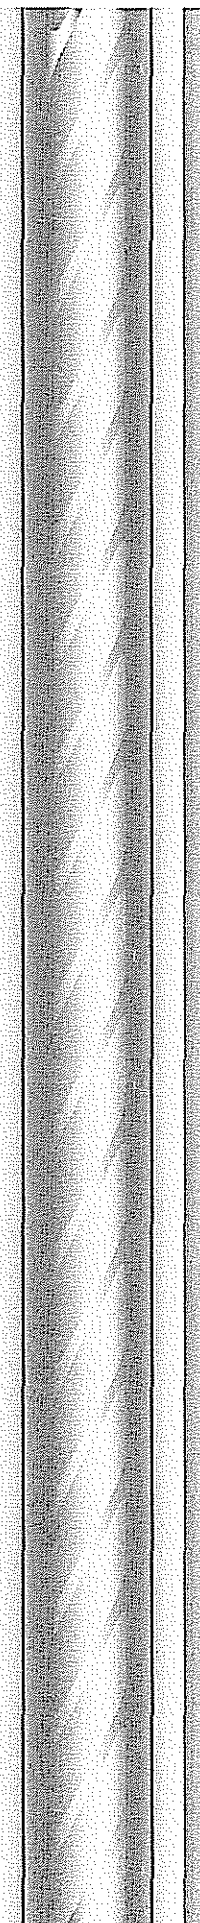

Sincerely,

Thomas J. Pavlik

SUBJECT: Amusement machines in liquor establishments

Ladies and Gentlemen:

In light of the new State legislation, awaiting the Governor's signature, regarding amusement machines in liquor establishments, I believe the City should be prepared. We should amend our current licensing ordinances to appropriately cover the number of machines being allowed as well as designating a licensing fee commensurate with the new legislation.

Please refer this communication to the City Attorney for the drafting and/or amending of the respective ordinances.

Re: Theresa Maretta, 2846 Home Avenue

Ladies and Gentlemen:

I move to direct the Berwyn Public Works Department to remove approximately 2 cubic yards of dirt from the property directly behind the garage located at 2846 Home Avenue owned by Mrs. Theresa Maretta.

Mrs. Maretta is a Senior citizen living on a fixed income, and a long time resident of Berwyn. She recounts that the alley behind her house was unpaved when she purchased her home. Approximately eight years ago, the City had the alley paved. During the project a small but significant amount of dirt was scraped down the alley and pushed against the back of her garage. A subsequent re-paving project added more dirt and debris.

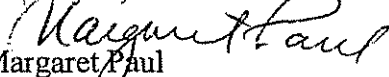

Mrs. Maretta has received a blight notice from the city. She wishes to be in compliance and has signed a contract to install new siding on her garage. To replace the siding on the back of the garage, she must have the dirt removed. She has asked the Public Works Department to remove the dirt to save her the additional expense of paying to have it removed. The Public Works Director denied her request because the dirt is on private property. The area involved is approximately 3' wide x 18' long x 1' deep.

I have inspected the location and have spoken to Mrs. Maretta. I have also spoken to Mr. Patrick Ryan about this issue. Mr. Ryan has advised that removing the soil would take an insignificant amount of time. He stated that he needed City Council's approval to remove the dirt due to its location on private property.

I believe that Mrs. Maretta's request to have the small amount of dirt removed by the Public Works Department is reasonable under the circumstances.

I ask for your concurrence in this motion to direct Public Works to proceed to remove the dirt at issue.

Thank you,

Re: Proposed Change in Ordinance

Ladies and Gentlemen:

It has come to my attention, by several residents, that I propose a change in the start time of the construction work permit ordinance. Currently, the ordinance allows the commencement of construction work to begin at 7:00am. It is my understanding that several of our surrounding communities permit construction to start as later as 8:00am. I would like to propose that the start time for our ordinance be changed from 7:00am to 7:30am.

Therefore, it is my recommendation that this request be send to the Building, Zoning and Planning Committee as well as the Building Director for further review and recommendation.

Re: 16th Street Traffic and Parking Observations and Recommendations

Current Conditions

Current traffic and parking conditions on 16th Street have resulted in unfavorable traffic and safety concerns for both pedestrian (primarily school children) and vehicular traffic. A list of options and recommendations based on field visits and observations have been created for improved travel and safety in that area.

Attached is the 16th Street Parking Recommendations Report with exhibits.

Recommendation

Due to the extensive list of items, a recommendation for a joint meeting between the Public Works, Fire and Police, and Ordinances and Resolutions Committees is made. Therefore, an in depth review of the recommendations and associated impacts, as well as additional questions that may be brought up with this report, can be addressed during the meeting

From: Nicole Campbell, Traffic Engineer

16th Street Current Parking and Traffic Observations

16th Street is an east-west collector road servicing schools, businesses and residences with an Average Daily Traffic (ADT) ranging between 9400 and 8700. (ADT is the total vehicle count for a 24 hour period in both directions.) The land use along 16th Street has created large concentrations of pedestrian traffic during specific times of the day. The majority of pedestrian traffic is school children going to and from school. The large number of parents dropping/picking children up from school and the limited on street space to do this safely due to the on-street parking, along with through vehicular traffic, has resulted in undesirable traffic flow during peak hour travel times.

Double parking and stopping in the through lane of travel is a common occurrence along 16th Street, at Jefferson and Lincoln Middle Schools. The stop sign located at the corner of Gunderson Avenue is used to stop and load/unload children before proceeding through the intersection. The children exiting the vehicle walk over to the crossing guard and properly cross in front of the vehicle that had dropped them off. The extra time stopped in the through lane compounded by multiple incidences of this, has traffic backed up into the intersections at East Avenue and Ridgeland Avenue, both of which are signal controlled at this location. This in turn, delays the north-south movements at these intersections.

On street parking creates a visual barrier between motor vehicle traffic and crossing pedestrians, making it difficult for approaching traffic to see pedestrians waiting or preparing to cross. This is especially critical for children and people in wheelchairs. In several occasions vehicles have been parked in or have encroached upon the crosswalk. This provides a dangerous situation for pedestrians, because it is difficult to see approaching vehicles prior to crossing, and forces the pedestrian out of the crosswalk, which is their designated area to cross and is marked to warn motorists of their crossing. Also noted were weather conditions that created ice and snow on the sidewalks, discouraging pedestrian traffic from the sidewalk. Pedestrians were seen walking in the street, in between and around parked cars

16th Street Parking Recommendations

The following recommendations to on-street parking, along with enforcement, and parent-student education will help relieve the heavily congested areas along 16th Street and provide safe and easily accessible areas for parents and students.

Options:

1. Restrict parking on the north and south sides of the street between Home and Harlem Avenues so that parking is prohibited between 7 and 9 am, and 3 and 6 pm, Monday through Friday. These are rush hour times and school start/end times. Jefferson school and North Berwyn Park District are within this location. This would also keep

parked vehicles away from the Harlem Avenue/16th Street intersection. Proposed parking prohibited signs for this location should be designed using red lettering and a red border.

Observations:

Businesses, homes and apartment buildings facing 16th Street have garages, parking behind the building, or have utilized parking on the adjacent side street. Maple Avenue allows 90 minute parking to the alley, as indicated by posted signage.

Impacts:

Families and apartment building residents with multiple vehicles may be negatively impacted. Handicap parking signs are posted along the north side of the street between Home and Wenonah Avenue. Local business patrons would have to become accustomed to the revised parking situation. New signs would need to be made and purchased.

2. Restrict parking on the north and south sides of the street between East and Elmwood Avenues so that parking is prohibited between 7 and 9am, and 3 and 6 pm, Monday through Friday. These are rush hour times and school start/end times. The Lincoln Middle School is within this location. This would also keep East Avenue/16th Street intersection. Proposed parking prohibited signs for this location should be designed using red lettering and a red border.

Observations:

Businesses, homes and apartment buildings facing 16th Street have garages, parking behind the building, or have utilized parking on the adjacent side street. The side street parking in this location does not have a time limit as indicated further east on 16th Street. The businesses at the southwest corner of Gunderson Avenue have 30 minute diagonal parking along the east side of the building (9 spots).

Impacts:

Families and apartment building residents with multiple vehicles may be negatively impacted. Local business patrons would have to become accustomed to the revised parking situation. New signs would need to be made and purchased.

The reduction of parking in these locations may reduce the congestion along 16th Street during the peak hour times and provide safer conditions for the large number of pedestrians that access 16th Street. On street parking in these locations have not helped in relieving the congestion experienced during peak hour times. It has been noted that parents dropping children off at school, have stopped through traffic to drop children off since there was nowhere to pull over in these locations. Vehicles trying to pull in or out of spots, in these locations, interrupt traffic flow also.

School principals and officials do convey to the parents of students the necessity of safe student drop off/pick up in meetings, newsletters, etc. No parking zones, especially around schools, would legally permit parents to stop for the purpose of loading or unloading children. Clearing the area of parked cars for proper student drop off/pick up, continued education of pedestrian safety and proper student drop off/pick up and possibly police presence, will assist school officials in their boundless task of providing a safe area around the school.

Itemized Issues and Recommendations

1. Several cars were parked on the south side of 16th Street between 7 and 9am. Ordinance 480 05 (e) (2), Further Restrictions, prohibits parking in this location during these times. **Recommend the need for additional parking enforcement in this area.**
2. Ordinance 480.05 (e) (2), Further Restrictions, prohibits parking between 3am-6am on the north side of 16th Street between Lombard and Harlem Avenues. The times on the signs currently posted reads from 3pm-6pm. **Suggest updating the Ordinance to read 3pm-6pm which is during heavy travel times.** Residents that

follow the signs are familiar with these time restrictions. This ordinance also applies to 26th Street. Signs prohibiting parking between 3am – 6am were not found on 26th Street. Vehicles were also parked between 3 am – 6am on both 16th Street and 26th Street.

3. Several cars were parked on the north side of 16th Street between 3 and 6pm. Although ordinance 480.05 (e) (2), Further Restrictions, prohibits parking in this location during 3am-6am hours, it still should be noted that parking regulation signs were ignored. **Recommend the need for additional parking enforcement in this area.**
4. No Parking 3pm-6pm (7am-9am) Tow-away-zone/Snow Route signs
In compliance with the Manual of Uniform Traffic Control Devices (MUTCD), these signs should have a white background with the top part of the plate a red background. Text on the lower portion of the sign should be red. Signs currently posted do not comply. The color code as set in the MUTCD, to properly convey traffic control information, states that Green indicates movements permitted, direction guidance; and Red indicates stop or prohibition. **Recommend that parking signs follow this directive as well.**
5. The combination of the snow route and a daily parking restriction (No Parking 7am-9am/3pm-6pm) sign seems to be confusing and easily overlooked. These are two different parking restrictions that do not correlate in any way, whereas the combination of a street sweeping sign and snow route sign is acceptable, both of which are street maintenance activities. **Recommend that daily parking restriction signs and snow route signs are separate signs.**
6. **Suggest that parking permitted signs be removed from stop signs.** Not only does this take away from the effectiveness of the stop sign by dividing the motorist's attention from it, but Illinois Vehicle Law states that parking is prohibited within 30 feet upon the approach to a stop sign. Posting parking signs on a stop sign gives the impression that it is ok to park up to that point as long as one is not parked during the time, day or weather restrictions posted on the sign.
7. Harlem to Maple Avenues south side of street
Residential Parking Only 3am-6am
Per ordinance 484.08 the sign should read "Resident Permit Parking Only 3am-9am". Although parking is prohibited during 7 and 9am, uniformity between the City ordinance and sign is lacking. Allowing vehicles to park from 6am-7am seems to be confusing, as well. 484.08 (b) reads that exceptions to this limitation shall be established by ordinance. **Recommend sign be removed.**
8. Grove to Oak Park Avenues south side of street
No Parking Anytime (with dual arrows)
Limits of this sign are unclear, also included on this block is a sign for No Parking 7am-9am Tow Zone/Snow Emergency sign, both signs are located on the same post. **Suggest that the No Parking Anytime zone limits are from the start of the left turn taper to the intersection of 16th Street and Oak Park Avenue. Suggest curb painting to delineate between the two zones and relocate the Snow Emergency sign.**
9. Clarence to East Avenues south side of the street.
Location of firehouse and emergency vehicle access. A sign is posted No Parking Anytime, therefore the No Parking 7am-9am/Snow Route Sign is not necessary. **Recommend removing sign and paint curb yellow.**
10. Scoville to Gunderson Avenues south side of the street
30 minute parking only 9am-9pm
2 signs are posted in front of the restaurant that read as above, another sign posted to the stop sign reads 30 min parking only 10 am - 3:30 pm (since this sign is posted to the stop sign, it faces northbound traffic and not vehicles parking in the diagonal spaces), and the sign on the side of the building reads 30 min parking 7:00 am

- 10:00 pm. An Ordinance for limited parking at this location has not been written. Suggest that an **Ordinance for limited parking at this location be written and the 30 min parking only 10 am – 3:30 pm sign be removed.**

11. Gunderson to Elmwood Avenues south side of the street
No Parking Fire Lane
The limits of this sign are unclear, also posted is the No Parking 7am-9am/Snow Route sign. Suggest the **entire block as No Parking Fire Lane since the Lincoln Middle School is located here and remove the No Parking 7am-9am/Snow Route sign.**
12. Elmwood to Ridgeland Avenues south side of the street
No Parking Police Squads Only
The limits of this sign are unclear, also posted is the No Parking 7am-9am/Snow Route sign. Parking should be prohibited at all times from the start of the left turn lane taper to the intersection of 16th Street and Ridgeland. This will provide the Police Department with approximately two parking spaces. Suggest **removing the Snow Route sign and allow parking for squads only.**
13. Ridgeland Avenue to Cuyler Avenue south side of the street
Recommend that parking be prohibited at all times from the start of the left turn lane to the Ridgeland Avenue and 16th Street intersection. Recommend posting a No Parking Anytime sign and yellow curb painting to delineate the zone. This would provide approximately 3 parking spaces to the east of the no parking area. The eastbound through lane is not wide enough to accommodate through traffic and parking, it is 14 feet wide. The No Parking 7am-9am/Snow Route sign would have to be relocated from the no parking zone.
14. Harlem to Maple Avenues north side of the street
Recommend that parking be prohibited at all times from the start of the left turn lane to the Harlem Avenue 16th Street intersection. Recommend posting a No Parking Anytime sign and yellow curb painting to delineate the zone. This would provide approximately 3 parking spaces to the east of the no parking zone. Remove the No Parking 3pm-6pm/Snow Route sign.
15. Grove to Oak Park Avenues north side of the street
Residential Parking Only
Per ordinance 484.08 the sign should read "Resident Permit Parking Only 3am-9am". 484.08 (b) reads that exceptions to this limitation shall be established by ordinance. **Recommend sign be removed.**
16. Oak Park to Euclid Avenues north side of the street
No Parking 3pm-6pm, No Parking Anytime, and 30 minute parking only 9am-9pm.
The parking limits on this block are not clear. An Ordinance for 30 minute parking at this location has not been written. Suggest **curb painting to delineate between the different zones and remove the 30 minute parking only.** It appears a fast food restaurant was located at the northeast corner of Oak Park Avenue and 16th Street, but is now closed. Possible to re-install 30 minute sign panel, depending on future needs of the building space and if an ordinance is passed. Relocate the No Parking 3pm-6pm/Snow Route sign from the no parking anytime zone.
17. Clarence to East Avenues north side of the street.
No Parking 3pm-6pm Tow-away-zone/Snow Route sign
The combination of parking restrictions near intersections, fire hydrants, driveways and alleys does not provide for parking in this area. **Recommend removing sign and paint curb yellow.**

18. East to Scoville Avenues north side of the street
Recommend that parking be prohibited at all times from the start of the left turn lane taper to the intersection of 16th Street and East Avenue. Recommend posting a No Parking Anytime-sign and yellow curb painting to delineate the zone.

19. Ridgeland Avenue to Cuyler Avenue north side of the street
Recommend that parking be prohibited at all times from the start of the left turn lane to the Ridgeland Avenue and 16th Street intersection. Recommend posting a No Parking Anytime sign and yellow curb painting to delineate the zone. This would provide approximately 3 parking spaces to the east of the no parking area. The eastbound through lane is not wide enough to accommodate through traffic and parking, it is 14 feet wide.

20. Elmwood to Gunderson Avenues north side of the street
 15 Minute Parking Only
 Parking at this location was not found under 480 07 "Limited Parking". **Suggest using descriptive words i.e. here to corner, to describe the limits of the 15 minute parking, as well as time limitations and an ordinance for limited parking.**

21. Elmwood to Ridgeland Avenues north side of the street
 90 minute parking 9am-9pm
 An ordinance for limited parking in this location was not found. Businesses that are located on this block utilize the parking. **Suggest an ordinance for the limited parking in this location.**

22. Highland to Cuyler Avenues north side of the street
 A No Parking 3pm-6pm/Snow Route sign was not posted on this block. **Suggest placing a sign.**

23. Ordinance 480 07 (c) under "Limited Parking" reads that two 30 minute parking spots to be included on the north side of 16th Street; the intent of the amendment of this ordinance was to assist business owners at 7100 W. 16th street. This address is located on the south west corner of 16th and Wisconsin. **Suggest the ordinance be revised so that the spots are located on the south side of 16th Street and the times will be dependent on the outcome of the above recommendations.**

RE: Traffic Safety / One-way Streets

Ladies and Gentlemen:

The population of Berwyn has steadily increased over the last few years. The traffic on our street and many families having multiple vehicles has increased along with the population.

The number of vehicles parked on the east/west streets makes it dangerous for motorists as well as pedestrians. The traffic flow and the maneuvering of vehicle with parked cars on both sides and two-way traffic needs to be reconsidered. Attached is the list of one-way streets in Cicero. I would recommend that the east / west streets in Berwyn be designated one way streets and aligned where applicable with the direction already designated within Cicero.

It would be my recommendation to refer this to Nicole Campbell the traffic Engineer and the Parking and Traffic Committee for study and recommendation.

Respectfully,

Michele D. Skryd

RE: Parking Study 3400 block of Cuyler Avenue

Dear Mayor and Members of the City Council,

It has been brought to my attention that since the new multi-unit residences have been built, there has been a parking problem. Due to the number of these new residences, and therefore, the increase in vehicles along with vehicles of patrons of Ogden Avenue businesses that may be parked on this block there is not enough parking space. In talking with some of the residents, they suggested a "resident only" parking permit be issued in this area.

I propose this problem be referred to the Traffic and Parking Committee for further review.

RE: Stop Sign Study for 33rd Street and Gunderson Avenue

Dear Mayor and Members of the City Council,

It has come to my attention that the intersections on Gunderson Avenue between Windsor Avenue and 34th Street have become dangerous due to the speed of vehicles traveling south on Gunderson Avenue.

I am proposing a stop sign be placed on Gunderson Avenue at 33rd Street for southbound traffic. This will hopefully help reduce speed of traffic traveling on this street. I am requesting that we send this issue to our Traffic Engineer and the Parking & Traffic Committee for further consideration.

RE: Parking/Traffic Flow Study 35th Street and Ridgeland Avenue

Dear Mayor and Members of the City Council,

I would like to propose a Parking/Traffic flow study for the area east of Ridgeland Avenue on 35th Street. With the building of the new condos, parking has now overflowed onto 35th Street and causes a hazardous situation for cars traveling west on 35th Street, and cars turning off of Ridgeland Avenue onto eastbound 35th Street. With cars parked on both sides of the street, there is only room for one lane of traffic on 35th Street. Traffic at many times is at a standstill because there is no where to go. This hazard is increased before and after school due to increased pedestrian traffic in the area.

It would be my suggestion that "No Parking Anytime" signs be placed on the south side of 35th Street, from Ridgeland Avenue to Cuyler Avenue, and "No Parking Anytime" signs place on the north side of 35th Street from Ridgeland Avenue east to the alley.

I refer this issue and my suggestion to the Parking and Traffic Committee for further review.

Re: No Parking designation on Ridgeland Av.

Ladies and Gentlemen:

It has come to my attention that a potentially hazardous traffic condition exists at the intersection of the east-west alley located just south of Roosevelt Road and the east side of South Ridgeland Avenue. The vehicles that are parked to the south of the intersection make it difficult and dangerous for westbound motorists to judge north bound traffic.

A "No Parking" or "No Parking Here to Corner" designation on the east side of South Ridgeland Avenue, just south of the intersection would help remediate this condition.

It is my recommendation to refer this matter to the City of Berwyn Traffic Engineer and the Parking and Traffic Committee for study, recommendation and the determination of the appropriate length of the No Parking Zone.

A photograph is attached for reference, thank you for your consideration.

RE: Sign Ordinance And Special Use Of Sandwich Board Signs (1256.12, 1258.12, 1260.12)

Ladies and Gentlemen:

It has come to my attention that there are businesses in the City of Berwyn that would like to promote themselves through the use of Sandwich Board Signs. With the Holiday Season already in full swing I would like to allow a special usage until the ordinance can be amended I recommend that we amend our sign ordinance to allow this type of signage. The sign would be regulated by size and constitute a yearly fee. It would be my recommendation to refer to Building, Planning and Zoning for final drafting of said amendment.

RE: Commendation For outstanding life savings actions by an off duty Berwyn
Firefighter Dennis O'Leary and his girlfriend Jennifer Carlsen

Ladies and Gentlemen,

On June 28, 2009 while on boating on Lake Michigan, Jennifer Carlsen and off duty Berwyn Firefighter Dennis O'Leary saved a life of a person in distress on Lake Michigan. Dennis maneuvered his boat to the location of a boating accident and Jennifer assisted the victim by hooking him with a boat hook and assisting him to their boat. Both Dennis and Jennifer assisted the victim into their boat providing first aid to the victim. They also assisted the Chicago Fire & Police Departments dive teams in bringing them into the area where the accident occurred to locate the second victim. Both Firefighter Dennis O'Leary and Jennifer Carlsen provided outstanding rescue service to the victim and saving his life, along with providing first aid. Firefighter Dennis O'Leary utilized his fire department training by reacting swiftly and calmly in an emergency. It would be my recommendation that Firefighter Dennis O'Leary and Jennifer Carlsen be commended for outstanding actions to a person in need. The Berwyn Life Newspaper had an article in the July 8, 2009 regarding this incident.

Subject: Ordinance for the Issuance of a \$2 million Line of Credit

Last fall I presented an ordinance to City Council for a line of credit with Citizens Bank. The line of credit was to serve as a short term safety net in the event that we needed funds to meet the city's cash flow needs while we await the receipt of our property tax revenues. However, when I determined that there would be a \$5,000 loan origination fee charged, I withdrew the ordinance since I did not believe it was prudent to pay the up front fee for something we may not use.

The Mayor was able to renegotiate the terms of the line of credit with Citizens Bank whereby no origination fee would be charged.

I am therefore resubmitting this ordinance for your approval. Thank you.

RE: Resolution – NSP2

Dear Mayor Lovero and City Council Members:

Berwyn has been asked to join a consortium of local governments submitting one regional application for Neighborhood Stabilization Program 2 (“NSP2”) funding from the Federal Government. As you will recall, Berwyn already has an NSP 1 grant application into the State of Illinois, which will be used to purchase, rehab and resell vacant/foreclosed homes in Berwyn. NSP 2 funds are almost identical to NSP1 funding, but the application is to the Federal Government, not the State.

The Chicago Metropolitan Agency for Planning (“CMAP”) is our metropolitan planning organization (“MPO”), and has agreed to coordinate a regional application for these funds. CMAP has asked the following local governments to join in this effort: Cook, DuPage, Kane, Lake, McHenry and Will Counties, and the cities of Aurora, Berwyn, Cicero, Elgin, Evanston and Joliet. The State of Illinois is also assisting in this endeavor. My staff has been working on the application with CMAP, and the amount of the regional grant application proposed for Berwyn is in excess of \$4 million (this would be in addition to the \$3+ million requested from the State).

The attached resolution approves Berwyn joining into the consortium, and directs the Mayor and City Clerk to sign the attached agreement. A draft of the consortium application is available on CMAP’s web-site, but the final agreement will not be completed until after approval by all the consortium members.

Because the agreement must be completed and submitted immediately, the attached Agreement must be approved at the next City Council Meeting. If you have any questions, please feel free to contact me at 708-795-6850 (x3503), or contact Mr. James Healy at 630-202-1162, who has been helping us on this matter.

In accordance with the applicable statutes and the regulations governing the NSP2 grants, the jurisdiction certifies that:

1. **Affirmatively Furthering Fair Housing.** The applicant certifies that it will affirmatively further fair housing, which means that it will conduct an analysis to identify impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting the analysis and actions in this regard.
2. **Anti-Displacement and Relocation Plans.** The applicant certifies that it has in effect and is following a residential anti-displacement and relocation assistance plan.
3. **Anti-Lobbying.** The applicant must submit a certification with regard to compliance with restrictions on lobbying required by 24 CFR part 87, together with disclosure forms, if required by that part.
4. **Authority of Applicant.** The applicant certifies that it possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and other program requirements.
5. **Acquisition and Relocation.** The applicant certifies that it will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601), and implementing regulations at 49 CFR part 24, except as those provisions are modified by the notice for the NSP2 program published by HUD.

However, if NSP funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with NSP funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than NSP funds if the jurisdiction certifies that it lacks NSP or CDBG funds to cover the assessment.

NARRATIVES

PRIMARY NARRATIVE

In summary:

Joan M. Hatton [REDACTED] resides with her daughter Linda Schmitt [REDACTED] who is also her care taker at 3631 S. Elmwood Ave Berwyn IL 60402. Joan Hatton suffers from Balance Disorder due to her bones deteriorating from the use of steroids. Linda Schmitt transports her mother on a daily basis to and from the doctor. Joan M. Hatton is requesting handicapped signs to be placed in front of her residence due to on street parking being extremely limited and the one car garage that is located on the property is said to have the entrance door to small for Joan Hatton to have access to. Linda Schmitt also states that she must park long distances from her residence and is very difficult for her to move and guide her mother back home.

Joan Hatton meets the state requirements for being handicapped and also meets the city requirements for being handicapped.

For the above listed reasons, this officer feels that this application should be considered for approval at this time.
