CARES Act Amended Action Plan  
for CDBG and CDBG-CV Funds

Amended June 23, 2020

Amended in June 2020 to 1)add CDBG CARES Act funds to the FY 2019 Annual Action Plan and 2) make minor reallocation and addition of prior year funds to PY2019 plan activities.

## Executive Summary

### AP-05 Executive Summary - 91.200(c), 91.220(b)

#### 1. Introduction

The City of Berwyn (the “City”) is an “Entitlement City” determined by the U.S. Department of Housing and Urban Development (“HUD”) and receives community development funding based on a complex formula that includes such factors as population, poverty, and age of housing stock. This Action Plan identifies specific activities and initiatives the City intends to carry out under the City’s Community Development Block Grant (CDBG) Program during program year (PY) 2019, from October 1, 2019 to September 30, 2020. This is the fifth year of the current Consolidated Plan.

The City’s revenues for this period are anticipated to be as follows:

\$1,279,184.00	PY2019 Allocation of CDBG Funds
\$ 60,000.00	Estimated reallocation from PY2018 Program Income
\$ 50,000.00	Estimated reallocations from PY2018 infrastructure projects
\$ 4,000.00	Funds reallocated from PY 2018 Public Service Projects
\$ 1,515.00	Funds from PY 2017 Public Service Projects
\$ 1,394,699.00	Total Anticipated Funding for 2019 Action Plan

#### June 2020 Amendment (CDBG-CV)

This Amended (PY) 2019 Action Plan adds projects to carry out programs with new funding provided through the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The City of Berwyn has been allocated \$755,917 in supplemental Community Development Block Grant (CDBG-CV grants) funding to prevent, prepare for, and respond to coronavirus. The City’s Community Response to COVID-19 will help Berwyn’s low- and moderate-income residents coping with lost income and other impacts due to the pandemic. These funds will be used for programs to increase housing stability to prevent homelessness, and for services for persons experiencing homelessness.

In addition, the amendment reallocates \$97,021 in prior year unexpended funds and program income to the City's CDBG Infrastructure program. As a result, the amended Action Plan now specifies the projects and initiatives that will be undertaken with identifies specific activities and initiatives that the City intends to carry out under the during PY 2019, from October 1, 2019 to September 30, 2020 with \$1,491,720 of CDBG funding, as well as the projects that the city intends to undertake with its allocation of \$755,917 of CDBG-CV funds to respond to impacts of the COVID-19 pandemic.

In addition, this Amendment to the PY 2019 Action Plans includes the City of Berwyn's \$755,917 allocation through the CARES Act (CDBG-CV).

**Amendment Source and Goal Distribution**

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City's five-year Consolidated Plan outlines priority objectives and outcomes based upon the identified housing, community development, and economic needs of the City of Berwyn, and especially those primarily benefiting low- and moderate-income persons and geographic areas. Berwyn's Consolidated Plan uses a framework established in HUD's Performance Measurement System, which includes three national objectives and three national outcomes. Each high priority goal principally benefits extremely low-, low-, and moderate-income individuals and families, and falls under one of the three broad national objective categories:

1. Decent Housing – housing activities designed to meet individual family or community needs that are not part of a broader effort. Suitable Living Environment – activities designed to benefit communities, families, or individuals by addressing issues in the living environment. Creating Economic Opportunity – activities related to economic development, commercial revitalization, or job creation.

Each priority need and goal in the plan is designed to meet one of the following three outcomes:

- Availability/Accessibility – Activities that make services, infrastructure, public services, public facilities, housing, or shelter available or accessible to low- and moderate-income people, including persons with disabilities. Affordability – activities that provide affordability in a variety of ways in the lives of low- and moderate-income people. Sustainability (Promoting Livable or Viable Communities) – projects where the activity or activities are aimed at improving communities or neighborhoods.

High priority needs identified during the needs assessment emphasized:

- providing and maintaining Berwyn's housing stock (availability of decent housing and sustainability of a suitable living environment), through housing rehabilitation, rental crime prevention programs, demolition, and blight reduction programs;
- Improving the sustainability of a suitable living environment through the replacement of aging infrastructure (including streets, alleys, sidewalks, water and sewage mains);
- Increasing or improving the availability, or access, of neighborhood parks and recreation centers, senior centers, and other public facilities that enhance the living environment ;
- Increasing or improving the availability of supportive housing and services that enhance the living environment persons with disabilities;

- Increasing or improving the availability of recreational, education, health and other services that enhance the living environment of Berwyn residents, especially seniors and youth

### **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

All of the City's PY 2018 CDBG allocations benefited low- and moderate- income households and geographic areas. The City funded and administered projects to address the four main goals of the Consolidated Plan. The City did not hinder the implementation of any part of the Action Plan or Consolidated Plan through action or inaction.

The City made progress on Con Plan and Action Plan goals, with specific focus on Public Facilities and Infrastructure and Community Services. Infrastructure projects included replacement of water mains, sewers, streets and sidewalks. Public service and homelessness activities helped improve the lives of seniors, persons with disabilities, victims of youth and domestic violence and homeless persons.

Berwyn will continue to encourage homeowners to apply for assistance through the City's Single Family Rehabilitation (SFR) Program. Berwyn anticipates completing more SFR projects in PY 2018 than in past years and is adding additional funds to the program for PY 2019. Berwyn staff will continue going door to door in low- and moderate- income areas with information about the SFR Program.

### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

The City of Berwyn amended the PY2015 – 2019 Consolidated Plan in April 2018. Because of a requirement to issue citations within the Blight Reduction/Housing Code Enforcement program that does not align with the City's objectives, the City eliminated the Blight Reduction Goal and reallocated \$265,000 to the Public Improvements and Facilities Goal.

An updated Citizen Participation Plan was adopted by Berwyn on November 28, 2017. The City is also updating the Citizen Participation Plan concurrently with this Action Plan to provide an expedited process in response to the COVID-19 Pandemic (June 2020).

## **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The PY 2019 Action Plan Public Meetings and Needs Assessment was published on February 28, 2019 in English and Spanish in the Lawndale News, a general circulation newspaper, the City's website, and postings at the Berwyn Library, the Community Development Department and City Hall. The City held three public meetings on March 18, 2019 to gather comments about current needs and priorities and to seek out suggestions for priority projects and uses for CDBG funds. Groups were invited to submit applications for CDBG Public Service Grants and Public Facilities Grants. Applications were due by 5 P.M. on April 15, 2019.

The City of Berwyn invited public comment of the PY 2019 Action Plan draft from May 17, 2019 to June 25, 2019. The comment period was advertised on May 16, 2019 in English and Spanish in the Lawndale News, a general circulation newspaper, the City's website, and postings at the Berwyn Library, the Community Development Department and City Hall. The Action Plan draft was made available on the City's website. The website also identified locations where printed copies of the plan were available, including the Library, and City Hall (in both the Community Development Department and the City Clerk's office).

The City Council approved the plan on June 25, 2019. The plan will remain available for citizen review until submission to HUD through Cook County's HOME Consortium.

## **6. Summary of comments or views not accepted and the reasons for not accepting them**

All comments provided during public meetings were accepted. No written comments were received.

## **7. Summary**

The City will continue to increase its understanding of and response to the needs in the community and address the needs of low/moderate income households. This Action Plan supports this effort. Together with our community stakeholders, we will continue to strive to make the City a great place to live for all households in the community.

The City has optimized our funding to support the most critical housing and homelessness needs within the City. The City continues to participate in local, regional, state and national discussions to be part of the continuing solutions to housing and homelessness.

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).**

The 2019 Action Plan is aligned with priorities determined during the Consolidated Planning process conducted in 2015. During the process, the Community Development Department held four focus group consultations to gather information from and collaborate with organizations providing human services, economic development, infrastructure and facilities, and housing services. The City also reached out to the County, the State, and nearby jurisdictions in an effort to strengthen coordination, develop institutional structures, and support community development. In particular, the City participated in meetings with the Cook County HOME Consortium during the consolidated plan and in this year's FY 2019 Action Plan process.

For the June 2020 APP Amendment, the City consulted with the Continuum of Care, and other nonprofits that participated in focus groups (as part of the 2020-2024 Consolidated Plan process), and neighboring jurisdictions to identify priorities for the use of the CDBG-CV funds.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

All of the City's public service agency sub-recipients are advised to counsel their clients on available resources and to refer them to the appropriate private and governmental agencies. Berwyn relies primarily upon the Cook County Housing Authority to provide affordable rental assistance and services to low- and very-low income households wishing to reside in the city. It has also relied on organizations like the Oak Park Regional Housing Center to provide referrals to renters seeking affordable private rental housing and referrals to the Area Agency on Aging of Suburban Cook County and service providers for assistance in finding senior housing resources.

The City's recent experience in the Homeless Prevention and Rapid Re-Housing Program (HPRP) with Oak Park and Cicero has brought new connectivity to the housing markets in each of those communities, which contain a fair number of low-income housing tax credit and other assisted properties. Similarly, activities to stem the tide of foreclosures in Berwyn has brought new liaisons with the private housing market and financial institutions that can serve as a resource for a number of the city's social service agencies and their clients.

Similarly, agencies serving seniors are working together in the cities of Berwyn, Oak Park, Stickney, and Cicero. Literacy groups are also working together to avoid duplication and coordinate the delivery of ESL/literacy services. The Berwyn Library is helping in these efforts.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Berwyn is a member organization in the Alliance to End Homelessness in Suburban Cook County, and the City's Community Development Department is the responsible department. This coordination and the ensuing consultations include meetings of the western CBSA, support of point-in-time counts; liaison with adjacent municipalities, participation with Cicero and Oak Park in the Homeless Prevention and Rapid Re-Housing Program (HPRP); support of the Homelessness Prevention Call Center and emergency shelters, and the provision of data for input into the Homeless Management Information System (HMIS).

The Community Development Department (CDD) is the lead agency that administers the City of Berwyn's Community Development Block Grant (CDBG) Program. Berwyn's consolidated and action planning process involves collaboration with a number of public, private, and governmental agencies and organizations that provide housing, economic development, health care, and social services, as well as the opportunity to hear from individuals and community groups and stakeholders. The City's Citizen Participation Plan governs this citizen participation process. In addition, the City's Community Relations Commission provides guidance on fair housing matters and the award of CDBG public service funds.

The PY 2019 Action Plan Public Meetings and Needs Assessment was published on February 28, 2019 in English and Spanish in the Lawndale News, a general circulation newspaper, the City's website, and postings at the Berwyn Library, the Community Development Department and City Hall. The City held three public meetings on March 18, 2019 to provide the general public an opportunity to provide input into the Action Plan.

On April 15, 2019, the Berwyn Community Relations Commission were sent copies of Social Service Agency applications for their review. The Community Development Department (CDD) Director, Regina Mendicino, met with the Commission members on April 23, 2019 and the members presented their recommendations for which agencies they felt should receive funding.

The City of Berwyn invited public comment of the PY 2019 Action Plan draft from May 17, 2019 to June 25, 2019. The comment period was advertised in English and Spanish in the Lawndale News, a general circulation newspaper, the City's website, and postings at the Berwyn Library, the Community Development Department and City Hall. A link to the Action Plan draft was made available on the City's website as well as the location where printed copies of the plan were made available. Printed copies of the plan were available at the Library and City Hall in the Community Development Department and the City Clerk's office.

## Expected Resources

### AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

#### Introduction

The City of Berwyn receives funds from only one of the U.S. Department of Housing and Urban Development (HUD) four formula allocation programs, the Community Development Block Grant Program (CDBG). The City is a participating grantee in the Cook County HOME consortium under the HOME Investment Partnerships Program, but does not receive these funds directly.

The original PY2019 Annual Action Plan anticipated resources of \$1,394,699, comprised of \$1,279,184 of the City's CDBG allocation, \$60,000 of program income, and \$55,515 of prior year funds. As a result of this Amended 2019 Annual Action Plan, approximately \$97,021.09 additional funds will be reallocated to activities from the following sources:

\$ 791.00: Reallocate remaining PY 2018 funds (IDIS Activity 665- WSSRA Seasonal Program Scholarship)

\$ 4,782.75: Reallocate additional PY2018 Program Income

\$ 85,081.94: Reallocate remaining funds from PY2018 completed infrastructure programs, which includes balance remaining in:

- IDIS Activity 672 Sewer Replacement
- IDIS Activity 673 Street Replacement

\$ 6,365.40: Reallocate remaining funds from PY2016

Table 5 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

While a match is not required, funds allocated to public services are highly leveraged by the social service agencies and providers that access other public and private resources to deliver their service and operate their facilities. Similarly, housing improvements funded by CDBG are often matched by other government programs and donations. Private investment in housing and commercial ventures often follow such public incentives. These improvements reduce the cost of utilities, emergency services, and maintenance and over time, may increase the property's value and equity, yielding additional property tax revenues.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

As a mature community, Berwyn lacks a large measure of vacant and undeveloped land that could be used for community development purposes. Passage of the City's Comprehensive Plan provides an opportunity to target acquisitions for parks and recreation, new businesses, and affordable housing. The plan guides most of this activity to the Depot District and other areas that provide mixed-use opportunities. The plan also calls for the development of strategies to preserve historic properties, provide employer-assisted housing, and target neighborhood revitalization efforts. Much of this development must rely on new sources of funding and authority, such as the newly formed Cook County Land Bank, but existing resources, such as the TIF Districts, may also be utilized.

**Discussion**

As discussed in various parts of the plan, limited funding restricts the City's ability to address priority needs and objectives. The City has aggressively sought additional sources of funding and established beneficial partnerships with its many sub-recipients, nonprofit agencies and service providers, local business, and nearby jurisdictions. It will continue its close relationships with Cook County and the State of Illinois to seek and obtain additional resources from every available source.

## AP-35 Projects - 91.420, 91.220(d)

### Introduction

Following the priorities and goals laid out in the 2015-2019 Consolidated Plan, Berwyn 2015 Action Plan prioritizes Infrastructure and public facility projects, housing rehabilitation, and Blight inspection, followed by a range of public service projects that primarily serve youth, seniors, and persons with special needs or experiencing homelessness.

Three new projects were added with the June 2020 amendment for use of CDBG-CV funds.

**Table 7 – Project Information**

**Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

The City is providing up to the statutory 15% limit of its annual CDBG entitlement to meet public service needs and 62% for public facility and infrastructure needs. The remaining funds, other than those allocated to program administration and planning, will be devoted to housing rehabilitation.

In addition to the compelling need, funds allocated to public services are highly leveraged by the social service agencies and providers that access other public and private resources to deliver their service and operate their facilities.

Similarly, housing improvements funded by CDBG are often matched by other government programs and donations. These improvements also reduce the cost of utilities and maintenance and over time, may increase the property's value and equity.

Public facilities receive priority because they serve a variety of low- and moderate-income household needs.

Public improvements directly affect public safety and protect the environment.

## **AP-50 Geographic Distribution - 91.420, 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

The City's CDBG allocation is devoted entirely to serving Berwyn's low-to-moderate income population. Public Improvements and Facilities activities will be targeted exclusively to service areas in which the majority of residents are of low- and moderate income. The service areas will be calculated based on the 2011-2015 American Survey updates to the LMA locations.

Berwyn is a small city of less than four square miles, and these low-and moderate census tracts are dispersed throughout the city with the exception of the southwest quadrant (roughly).

The Community Development Program takes place exclusively in low/mod income block groups in Berwyn (target area). These projects are to be implemented in the low- and- moderate- income tract areas using the 2011-2015 American Survey updates to the LMA locations. The Program will cover these blocks: 8146.00 (BG 1, 3, 4, & 5); 8147.00 (BG 2, 4, & 5); 8148.00 (BG 4 & 5); 8149.00 (BG 1, 2, 3 & 4); 8150.00 (BG 1, 2, & 3); 8151.00 (BG 1, 2 & 3); 8152.00 (BG 2 & 5); and; 8155.00 (BG 3 & 7)

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>

**Table 8 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

The City's comprehensive plan and related studies provide a common vision and framework for enhancing the quality of life for all in Berwyn. Elements of this framework include access to health care and services, education, open space and parks, and a diversity of shopping, entertainment, and cultural opportunities. The introduction of green-building, preservation, and transit-oriented development further guide the type and location of investments the city will make in the coming years. Because CDBG must primarily benefit low- and moderate-income persons and areas, funding will be focused on providing that benefit. To the extent that these populations are scattered throughout Berwyn, that investment will benefit the majority of the city's geographic areas.

The recent experience with the Neighborhood Stabilization Program (NSP) illustrates this rationale. Berwyn's goal was to use these funds to stabilize neighborhoods by eliminating vacant/foreclosed properties. Special attention was paid to areas hardest hit – those containing the highest concentration of low-income residents with the highest potential for additional foreclosures that were not likely to be absorbed by the private market.

### **Discussion**

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

The City continues to encourage and support efforts to reduce blight and eliminate lead-based paint hazards, and to preserve the historical character of the city's streetscape, improve the living environment, and enhance the livability of the entire community.

As the City implements its new Comprehensive Plan, it will be mindful of opportunities to make changes to such potential barriers to affordable housing as building and zoning codes, environmental constraints, and the lack of incentives. It will also work to ensure that its Tax Increment Finance (TIF) District Program supports affordable housing and its integration into mixed-use plans for these districts

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The City has taken a strong position to ensure that vacant and abandoned homes do not fall prey to vandalism or neglect. Berwyn's building department maintains a vigilant watch and responds immediately to any violation of the City's building, health and safety codes. In those cases where homes are lost, the City will work with stakeholders to find new buyers as quickly as possible. The City will work through its subrecipients to conduct homebuyer education and financial literacy training sessions for these and other homebuyers to ensure that every buyer is able to maintain their new home and sustain their purchase financially.

### **Discussion**

The City has established an aggressive inspection and enforcement program, contacting banks and mortgage servicers to ensure that these properties do not deteriorate by theft, vandalism, or lack of maintenance. The City will also work with property owners and landlords to ensure that rental properties are adequately maintained and that available apartments are advertised and rented fairly.

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

Most underserved needs involve special needs populations and the provision of appropriate shelter and supportive services.

The City's underserved needs relate primarily to its aging housing stock and public infrastructure. Realizing that CDBG funds are severely limited, the City's program has made every effort to encourage owners to maintain their properties. It has worked with the federal, state, and county governments to apply for and implement an array of programs, ranging from foreclosures to homeless, and provide affordable housing opportunities to all those in need.

This plan provides insight into the interdependence of physical, social, and economic conditions in Berwyn. Underserved needs are primarily a function of the city's aging housing stock and infrastructure, and dependent populations are the mostly likely to bear the burden of these needs. Strategies to address such concerns as poverty, lead-based paint hazards, affordable housing and homelessness, and the physical environment are highly dependent on federal funding that appears to be on the wane. However, much can be achieved locally by working together cooperatively. The City has reached out to the County, the State, and nearby jurisdictions and they have all responded with a strong commitment to enhance coordination, develop institutional structures, and support community development. This plan, along with the City's new comprehensive plan and other local initiatives, provides a roadmap for that engagement.

### **Actions planned to address obstacles to meeting underserved needs**

The City will continue to work with these parties and with nearby jurisdictions to ensure that the public, private, and nonprofit sectors are doing everything possible to meet the needs of the underserved. In addition, the City will continue its support for fair housing activities that target many of the City's underserved residents, providing equal access to housing and assisting those facing unfair treatment in the housing market.

Underserved populations in Berwyn include the elderly and disabled, and those seeking work that cannot find employment. The City will rely on its network of public and nonprofit service agencies, along with its ties to the private sector and economic development agencies, to provide an array of supportive services and limited financing. CDBG funds will also be used to fund ADA improvements at public facilities, benefitting persons with disabilities that are often underserved.

### **Actions planned to foster and maintain affordable housing**

To foster and maintain affordable housing, Berwyn will continue to take such actions and support efforts to:

- Educate the public, lenders, and housing providers about rights and responsibilities under the Fair Housing Act. The city will join outreach campaigns to employ radio and print public service announcements, in English and Spanish, to let the public know what to do if they experience housing discrimination and to engage in enforcement actions if discrimination does occur.
- Purchase and resell foreclosed properties, and encourage the new purchaser to do the rehabilitation work necessary to bring the property into compliance with housing and building codes. Berwyn was successful in promoting this type of activity under HUD's "Officer Next Door Program" and more recently, through the Neighborhood Stabilization Program to address foreclosures.
- Focus on areas hardest hit by foreclosures, having the highest unemployment rate and concentrations of low-to-moderate income residents, which are likely to experience additional foreclosures.

### **Actions planned to reduce lead-based paint hazards**

Berwyn will continue to work with the Cook County Health Department and other agencies to increase public awareness of lead paint hazards. The Health Department will work with McNeal Hospital to test pre-school children for lead poisoning and coordinate these efforts with other hospitals such as Loyola serving the area. The City's Licensing Department will work with licensed day care providers and the school systems to distribute information to all parents and guardians of young children.

The City will follow its procedures for incorporating lead requirements into its housing rehabilitation programs and to the extent funds are available, remediate lead paint hazards through its Emergency Assistance Single Family Rehabilitation Program for low- and very-low income homeowners.

As it conducts its code inspections, the City will distribute advisory sheets to inform residents of potential lead-based paint hazards and provide instructions on how to avoid these hazards.

All contractors selected under the City's housing rehabilitation programs will be required to be lead certified.

### **Actions planned to reduce the number of poverty-level families**

Actions planned to reduce the number of poverty-level families include those funded directly and indirectly by the CDBG Program. Regardless of the source of funding, Berwyn's approach to reducing

poverty includes comprehensive measures to promote self-reliance, create new opportunities, and ensure affirmative participation. It also includes reducing housing and transportation cost burdens and providing direct assistance to those at-risk of poverty and those presently confronting severe needs caused by poverty.

Berwyn will continue its efforts to reduce poverty among those able to work by assisting low-skilled residents to obtain skills training and employment. The City will join with adjacent municipalities in seeking job training and placement funding for low-income residents and encouraging employment opportunities in areas needing commercial revitalization and redevelopment. It will support the efforts of school systems, social service agencies, and economic development programs to assist job seekers in accessing job postings and referrals and in obtaining help with job applications and interviews. To the greatest extent feasible the City will follow the mandates of Section 3 of the Housing and Urban Development Act of 1968, as amended in providing opportunities for training and employment in connection with the projects awarded under its CDBG contracts. In addition, the City will encourage new and expanding businesses to hire Berwyn residents for jobs created through TIF and other development incentives. It will encourage groups supporting women and minority-owned businesses to do the same.

For those in poverty or on the brink of poverty, Berwyn will continue its partnerships with its sub-recipients and others in providing direct services, referrals, and mentoring. A major focus will continue to be the physical safety and improved health of all those threatened with isolation and exclusion, including those with disabilities, Veterans, the homeless and those at risk of homelessness, and victims of domestic violence and HIV/AIDS. A major effort to reduce the impact of service cutbacks and increased living costs, especially for seniors, will provide assistance with transportation, general home maintenance programs, and police protection and community facilities. While this may not reduce the level of poverty for some, it will ensure that resources are used to their maximum benefit, and may provide assistance to change their circumstances permanently for the better.

### **Actions planned to develop institutional structure**

The City has developed an effective team, both inside and outside local government, to implement the CDBG Program and leverage its limited resources. It will facilitate communication between City department and their staffs and continue to reach out to the public and community-serving agencies and stakeholders to discuss community development, housing, and related issues and opportunities. The CDD is encouraging all of its staff, sub-recipients and community partners to maintain the highest professional standards and ethical conduct. All CDD staff will undergo training and recertification on a continuous basis through HUD and other vendors.

To the greatest extent feasible the City will follow the mandates of Section 3 of the Housing and Urban Development Act of 1968, as amended in providing opportunities for training and employment in

connection with the projects awarded under its CDBG contracts.

As part of its annual action plan submissions, the City will certify that it is in conformance with CDBG and other federal regulations related to the expenditure of its entitlement funds and related housing and community development activities. It will continue to meet its obligations for timely expenditure of these funds and utilize its own Finance Department and accounting systems to disburse funds that will also be tracked through HUD's Integrated Disbursement and Information System (IDIS).

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City will provide input during the year to other City agencies, nonprofit organizations, and adjacent jurisdictions regarding consistency of their plans and proposals with the City's Consolidated Plan, as required under CFR Section 91.510.

The City's Community Relations Commission will continue as the focal point for those experiencing or reporting discrimination. Counsel and intermediary services will be available from such groups as the John Marshall Fair Housing Legal Support Center, the Heartland Alliance, the Sergeant Shriver Center, the Chicago Community Trust and the Chicago Coalition for the Homeless.

The City's sub-recipients will continue to support the City's homeless and non-homeless special needs populations. These agencies will continue to leverage and extend the limiting funding available through the CDBG Program.

The City will encourage coordination and leverage of scarce resources to fill service gaps and eliminate duplications of service.

### **Discussion**

This plan provides insight into the interdependence of physical, social, and economic conditions in Berwyn. Underserved needs are primarily a function of the city's aging housing stock and infrastructure, and dependent populations are the mostly likely to bear the burden of these needs. Strategies to address such concerns as poverty, lead-based paint hazards, affordable housing and homelessness, and the physical environment are highly dependent on federal funding that appears to be on the wane. However, much can be achieved locally by working together cooperatively. The City has reached out to the County, the State, and nearby jurisdictions and they have all responded with a strong commitment to enhance coordination, develop institutional structures, and support community development. This plan, along with the City's new comprehensive plan and other local initiatives, provides a roadmap for that engagement.
