All contractors doing work in the City of Berwyn must be licensed and bonded with the City.

Licensed and bonded contractors carry liability insurance to protect you, your family, and your home, from personal injury/property damage that may occur during your renovation.

Licensed contractors are trained to understand and meet all requirements set by the city council and federal government, an important safety measure to keep your home safe.

Licensed contractors are certified in their industry and maintain a legal commitment to uphold construction standards law, ensuring your home's property value is protected.

Do **NOT** give a deposit or sign a contract until you have confirmed with the Collector's Office that the contractor is registered and in good standing with the City.
